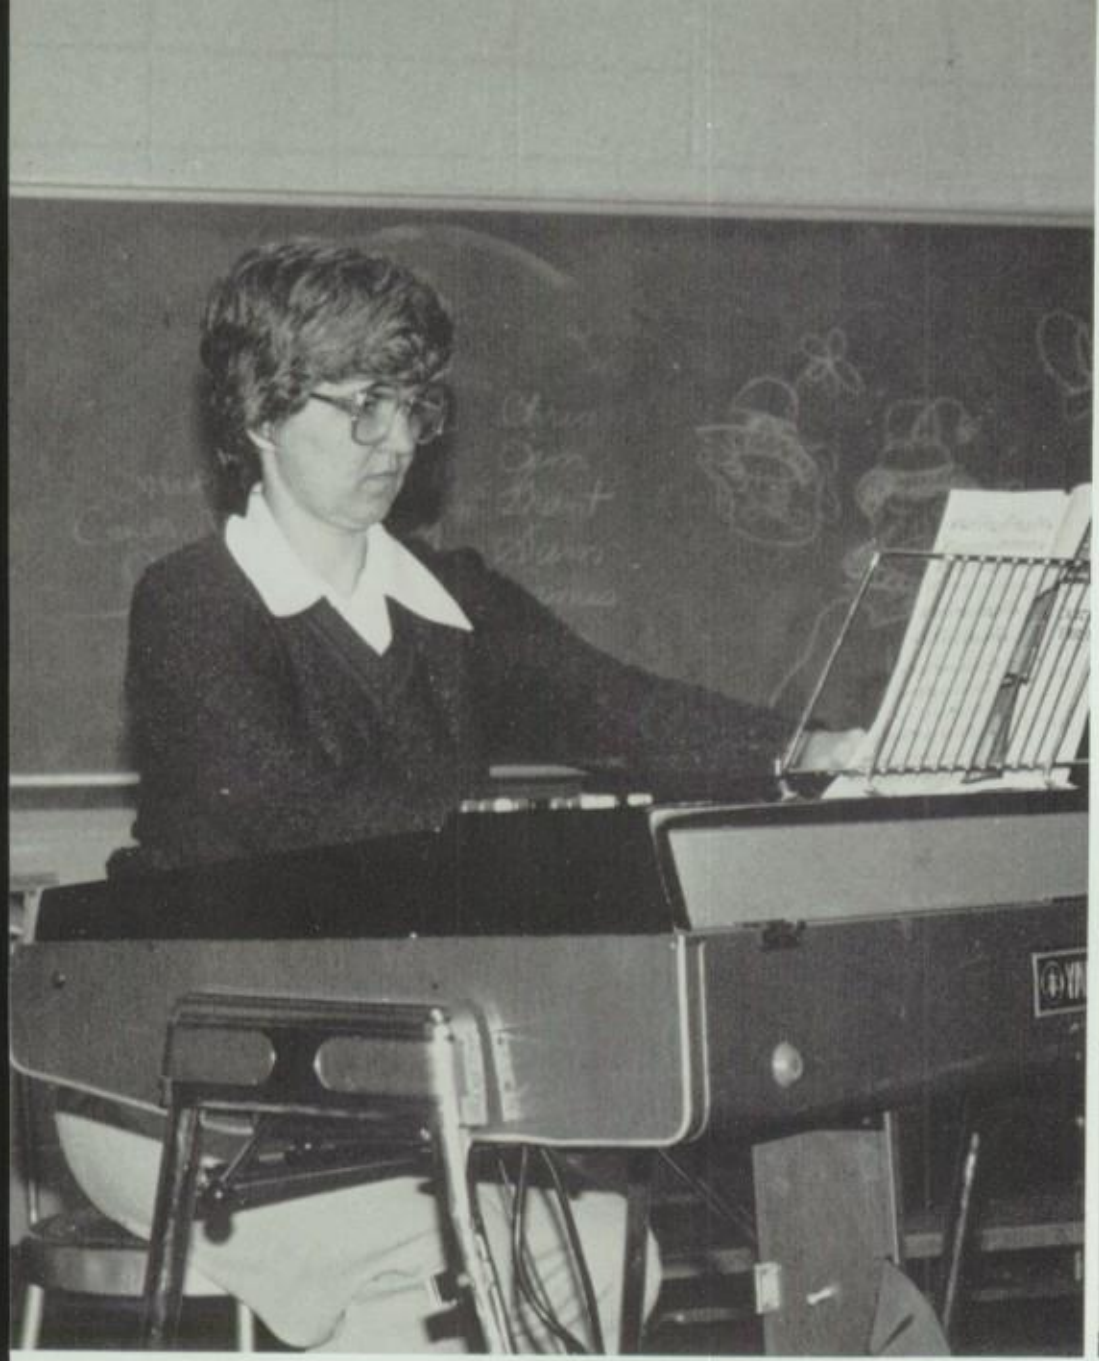
SULLIVAN
EAGLES



DEDICATION

Music, when soft voices die,
Vibrates in the memory —
Odors, when sweet violets sicken,
Live within the sense they quicken.

Rose leaves, when the rose is dead,
Are heaped for due beloved's bed;
And so thy thoughts, when thou art gone,
Love itself shall slumber on.

— Percy Bysshe Shelley

In her 14 years of teaching at SHS, Deanna Spurgeon has instilled in the minds of her students a true appreciation of music and its meaning.

By giving of herself for the sole purpose of making others happy, she sets an example for all to follow.

Her love for what and whom she teaches is shown in many ways. Genuine heart-felt concern, enjoyable yet valuable instruction, and her warm and enveloping personality are but a few.

With love and gratitude the Eagle Staff dedicates this 1980-81 yearbook to

MRS. DEANNA SPURGEON

THE HOSTAGES: 444 DAYS IN CAPTIVITY

January 20, 1981, marked the release of the 52 American hostages held in Tehran, Iran, by the Moslem militants since they had been taken captive on November 4, 1979. The terrible ordeal angered, moved, and engrossed the United States citizens. Yellow ribbons and American flags were found throughout the country, and the sound of ringing bells could be heard everywhere. The people of the United States worked and prayed together for the day when these 52 brave men and women would return home.

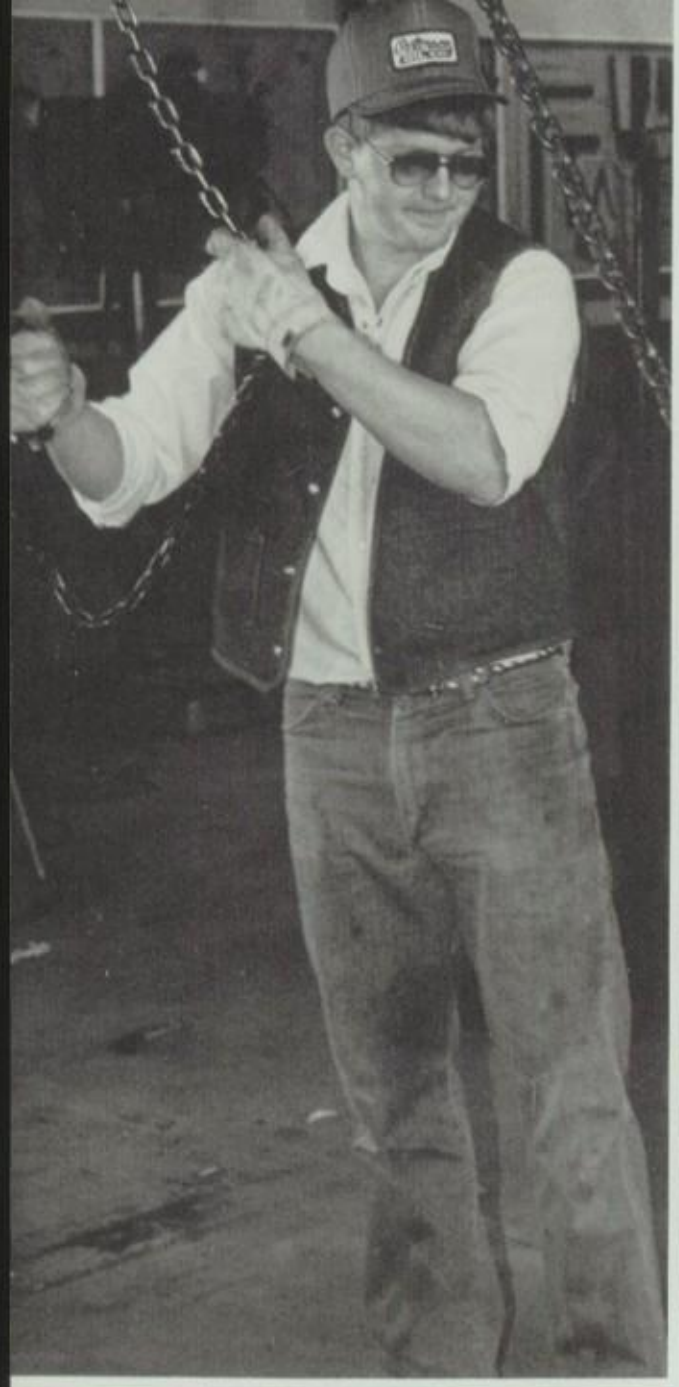
SENIORS VICTORIOUS IN POWDERPUFF, 12-0

Senior Powderpuff King, Dean Brandt

Senior Coaches cheer their team to victory.



FASTER THAN MICHEALANGELO —
MORE POWERFUL THAN HERCULES,

ARTISTIC

If there is a picture to be painted
Or a poster to be drawn,
Lori Glaser and Michelle Ray can
Always be counted upon.

Someday they may be famous
Because of their artistic flair,
We are very proud of them;
They would be appreciated
anywhere.

ATHLETIC

Through the generations
These families have excelled,
In basketball, softball,
Track, and football as well.

Kelli Coppage and Leroy Wiese
Have always led school teams,
Through hard work and dedication,
We know they'll find their dreams.

ABLE TO LEAP TALL BARNS: IS IT A SMILE?

COUNTRIFIED

When it comes to "Rednecks,
White socks, and Blue Ribbon beer,"
No one knows it better
Than these two pictured here.

Wayne Strothkamp and Larry Hecht
Enjoy sloppin' pigs, haulin' hay,
And driving their pickup trucks
Around the farm all day.

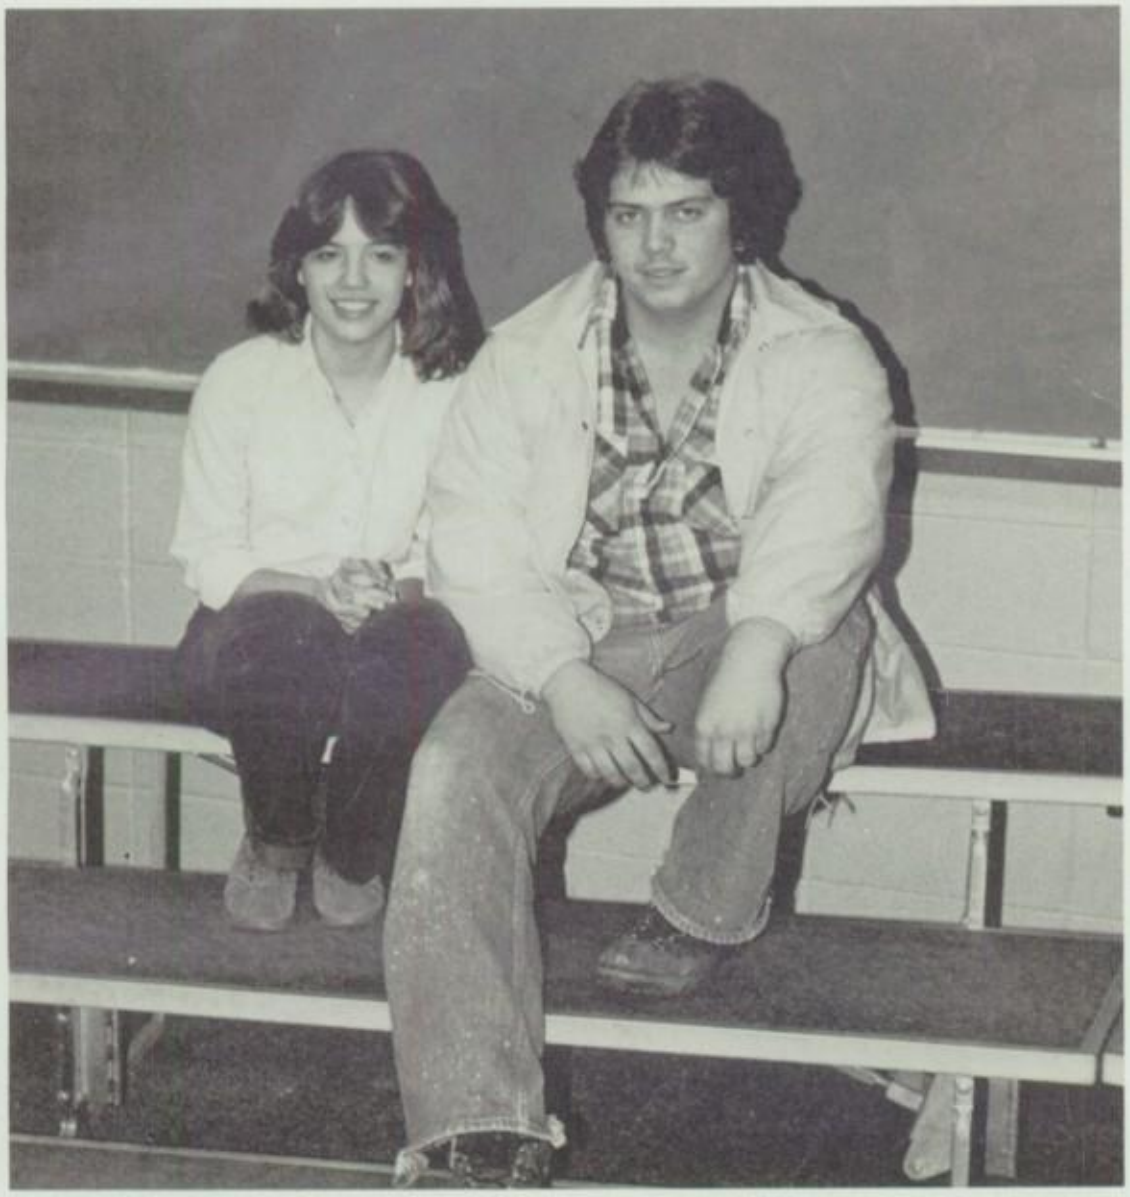
FRIENDLIEST

These two young'uns grinnin',
Showing teeth from ear to ear
Have always been the friendliest
Throughout each high school year.

Wendy Sumner and Dean Brandt
Can brighten up a day.
Their many hugs and bright hellos
Are appreciated in every way.

IS IT A NOTE?

IS IT AN HONOR?



MUSICAL

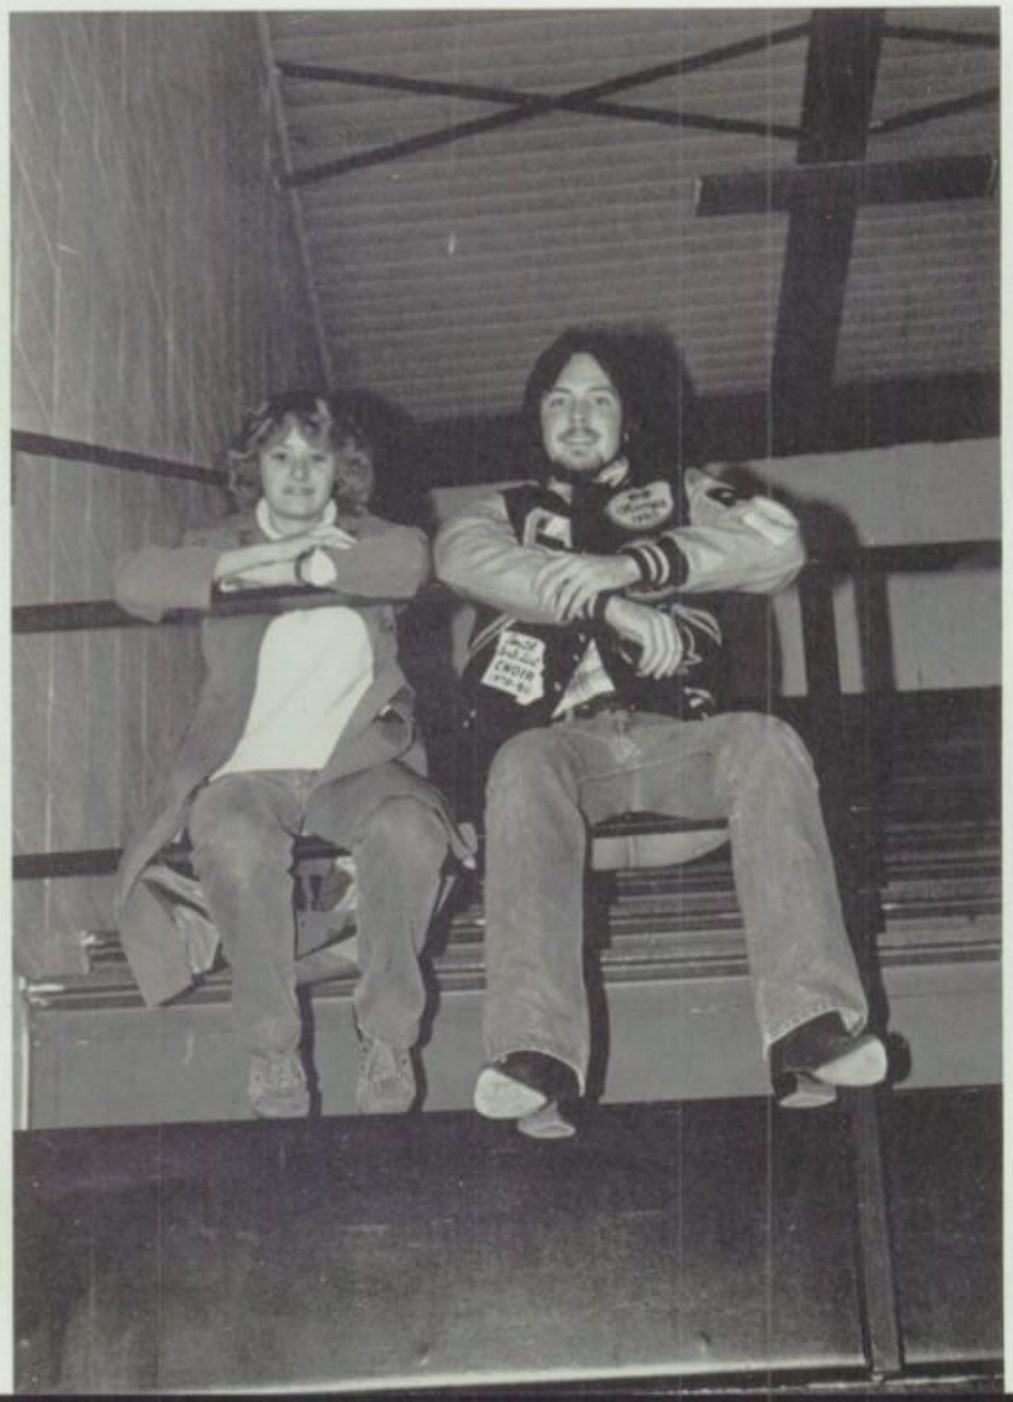
In the choir and band room
These two can be found.
At a concert or on the field
They have a terrific sound.

Michele Johnson and Dennis Bott
Can hit most any key
We would say that they could say,
"I've got the music in me."

OUTSTANDING

How can we describe the best?
The ones who excel from activities
To tests.
Two people who are right on top,
Their participation in activities
Never seems to stop.

We would say Pam Pratt and Grant Medlin
Fit the spot.
Outstanding is a quality
That they have certainly got.



IS IT A GRADE?

IS IT A CHEER?

SCHOLARLY

Who always takes a book home
And studies for a test?
Who ranks the highest in our class
Because they do their best?

Of course, the answer is
Julie Woodcock and Jeff Stack.
A bad attitude and grade
These two will always lack.

SPIRITED

These two firecrackers
Can always be found,
Cheering on or off the court
Always creating sound.

Sam Scaman and Kelly Schmied
We could always trust
To lead us in the VICTORY shout,
"Another One Bites the Dust!"

IS IT AN ACT?

YES, IT'S SUPER SENIORS!

THEATRICAL

When the curtain rises
And the audience begins to cheer,
Forgetting a line or more is
Exactly what they fear.

Mike Graff and Ed Wasson
Can act out many scenes.
Someday we may be watching
Them on our own television screens.

FOREIGN EXCHANGE STUDENTS

We had three new additions
To our Senior class this year.
We all enjoyed having them,
And hope they liked being here.

From Switzerland there was Regi Burkhard
Who had a friendly way.
From Sweden there was Johan Halvarsson,
Whose jokes helped us through each day.
From Holland there was Hilda Van Asperen
Who did homework from morning until night.

All three were very active in school,
Not to mention good looking and bright.

GREG STACK

Whenever I think of Greg I think of sports. Greg was always playing, watching or talking sports. He inspired his friends to participate in sports and did everything he could to keep them interested.

Greg was a real competitor. He made baseball and basketball fun because he had the spirit it takes to be a winner. He had so much spirit and feeling that if you got "down," he was right there with his clever ways to "lift" you back up.

Greg had fun in sports. He also had fun going out on the town and listening to his favorite song, "Hair of the Dog." He especially liked having friends over in the winter sleigh riding and have snowball fights. Whether he was competing, going out, or just sitting and talking, Greg was fun.

Greg loved his family; they came first before anything or anyone. He was very proud to belong to his loving family. Greg was very special to me and to many others. We will remember him in a special way.

— Randy Carey

Pre-race preparations

A team that begins together, wins together.

MIKE HOLDINGHAUS
COACH

Cross-Country is many miles of long, grueling road-work; it's rising at 6 a.m. to run; it's saying "No thanks, I'm in training."

Cross-country is intense pre-race stretching; it's running 5000 meters over a rugged course; it's "outkicking" an opponent at the finish.

Cross-country is winning two invitationals; it's being district runners-up; it's qualifying six runners as all-district.

But most of all, cross-country is the closeness formed among 24 people who train and race together.

The Eagles had an unprecedented year! They started out by placing 2nd in the Borgia tournament, missing 1st place by two points. The Eagles then proved themselves by placing 1st in both the Washington and St. James tournaments in consecutive weeks. The Conference record was an outstanding 6-0, putting them 1st in the Conference for the second consecutive year. Sullivan entered District with a 21-2 record. They played fantastically and won 1st place for the second consecutive year. At state Sullivan defeated St. John's and the defending state champion, Charleston. For the first time the Eagles went to Columbia! In the first game Sullivan lost to Chillicothe, who went on to win first. The Eagles then played for 3rd place and lost by the score of 70-68, putting us 4th in the state. The Eagles ended the year with a record of 38-4. This year will go into the record books. CONGRATULATIONS, TEAM!

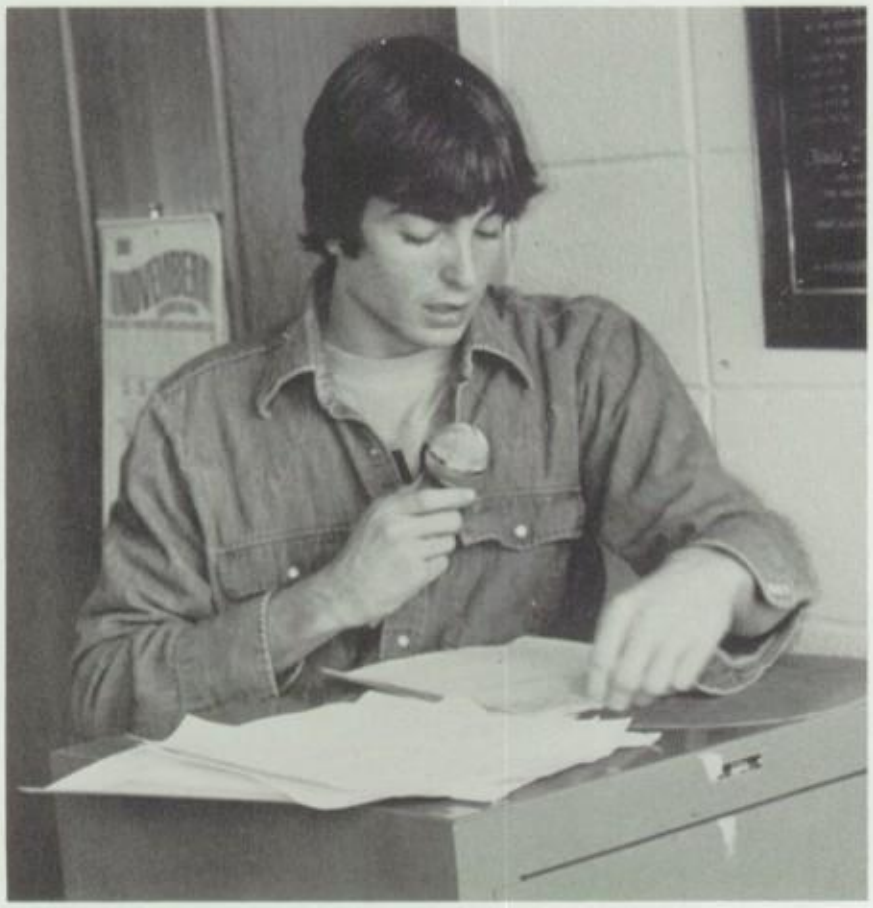
FIFTH ROW: Kenny Key, Wendy Sumner, Becky Johanning, Tonya Weiskopf, Sandy Koenig, Debbie Lock, Cindy Dudley, Brenda Nelson.



The past year was full of many fun activities and successful events. The entire Student Body participated in making Sullivan High School a better place.

Student Council sponsored many activities and rendered many services at SHS. We sponsored both of the Homecoming dances. The tradition of having a live band supply the music was changed to the Sound System, and the homecomings were the best that anyone could remember. Poinsettias were given to the teachers at Christmas time and the holl-o-gram service was created. STUCO also hosted the District Convention this year.

I would like to express a word of thanks to Mrs. Hagan and Mr. Becherer, our sponsors, for their hard work and all the time that they put in. I would also like to thank Michele Johnson, Lisa Dati, and Sam Scaman, my officers for all that they have contributed.

In closing I wish the underclassmen and next year's officers a year as successful and fun-filled as the 1980-81 year has been.

Tom Siebenman

Football Homecoming was highlighted by Spirit Week, which featured different activities every day depicting a Walt Disney theme. Monday was "overall" day with students wearing overalls; Tuesday was "Eagles don't Mickey Mouse around" with t-shirts and Mickey Mouse ears; Wednesday was "Make'em Dizzy with Disney" and "Sack the Indians" day with Walt Disney costumes and paper sacks; Thursday was "Chew Them Up and Blow Them Away" with everyone chewing bubble gum. On Friday, a bitterly cold day, the crowd gathered along the streets of Sullivan to watch the Homecoming parade. Concert Choir won first prize for its float-"Indians are Babes in Toyland," and Drama Club won the truck division with "Slip the Indians a Mickey."

The highlight of the evening was the crowning of Miss Jennifer Copsey as Queen. Ultimate success came when the Eagles won a victory over the Pacific Indians by the score of 18-7. The homecoming dance was held in the cafeteria, gaily decorated with Walt Disney characters. The entertainment was provided by Kevin Williams' Sound System.

The week of Basketball Homecoming '81 was filled with preparation for the game. Each day of the week had a different student activity. Students participated in these activities by wearing cowboy boots on Tuesday, chewing bubble gum on Wednesday, wearing cowboy hats on Thursday, or dressing their scrubbiest on Friday. Before the varsity game there was a mini-parade held in the gym with the FBLA float and the sophomore float tying for first place. The basketball game was an 87-57 victory over the St. Clair Bulldogs. By popular vote of the students, Sally Scott was crowned queen. The entire week was a big success.

The 1980-81 Concert Choir, Pop Choir, and Girls' Trio will have many fond memories. There is the thrill of winning first place in the Football Homecoming Parade for their "Babes in Toyland" float, the fun of bringing back the fifties with Pop Choir and revitalizing the forties with the trio's fall concerts. With the challenge of contest now met and conquered, the music groups turned their efforts to the spring activities.

SCREAMIN' EAGLES BAND HAS AN AWARD-WINNING SEASON

The SHS Screamin' Eagles Marching Band achieved more this year than any marching band from Sullivan ever has. They began their season by winning three first-place trophies at the Mid-America Corps Style Marching Camp. The trophies were awarded to the tall flag squad, the rifle squad, and the outstanding corps major of the camp, Michele Johnson. At the Washington Marching Festival, the band received second-place parade trophy, and a third-place field trophy. The directors, the members of the band, and the Eaglettes combined pride, dedication, and hard work in earning entry into the elite group of the top-ranked bands in Missouri. They earned the respect and admiration of all who witnessed their performances.

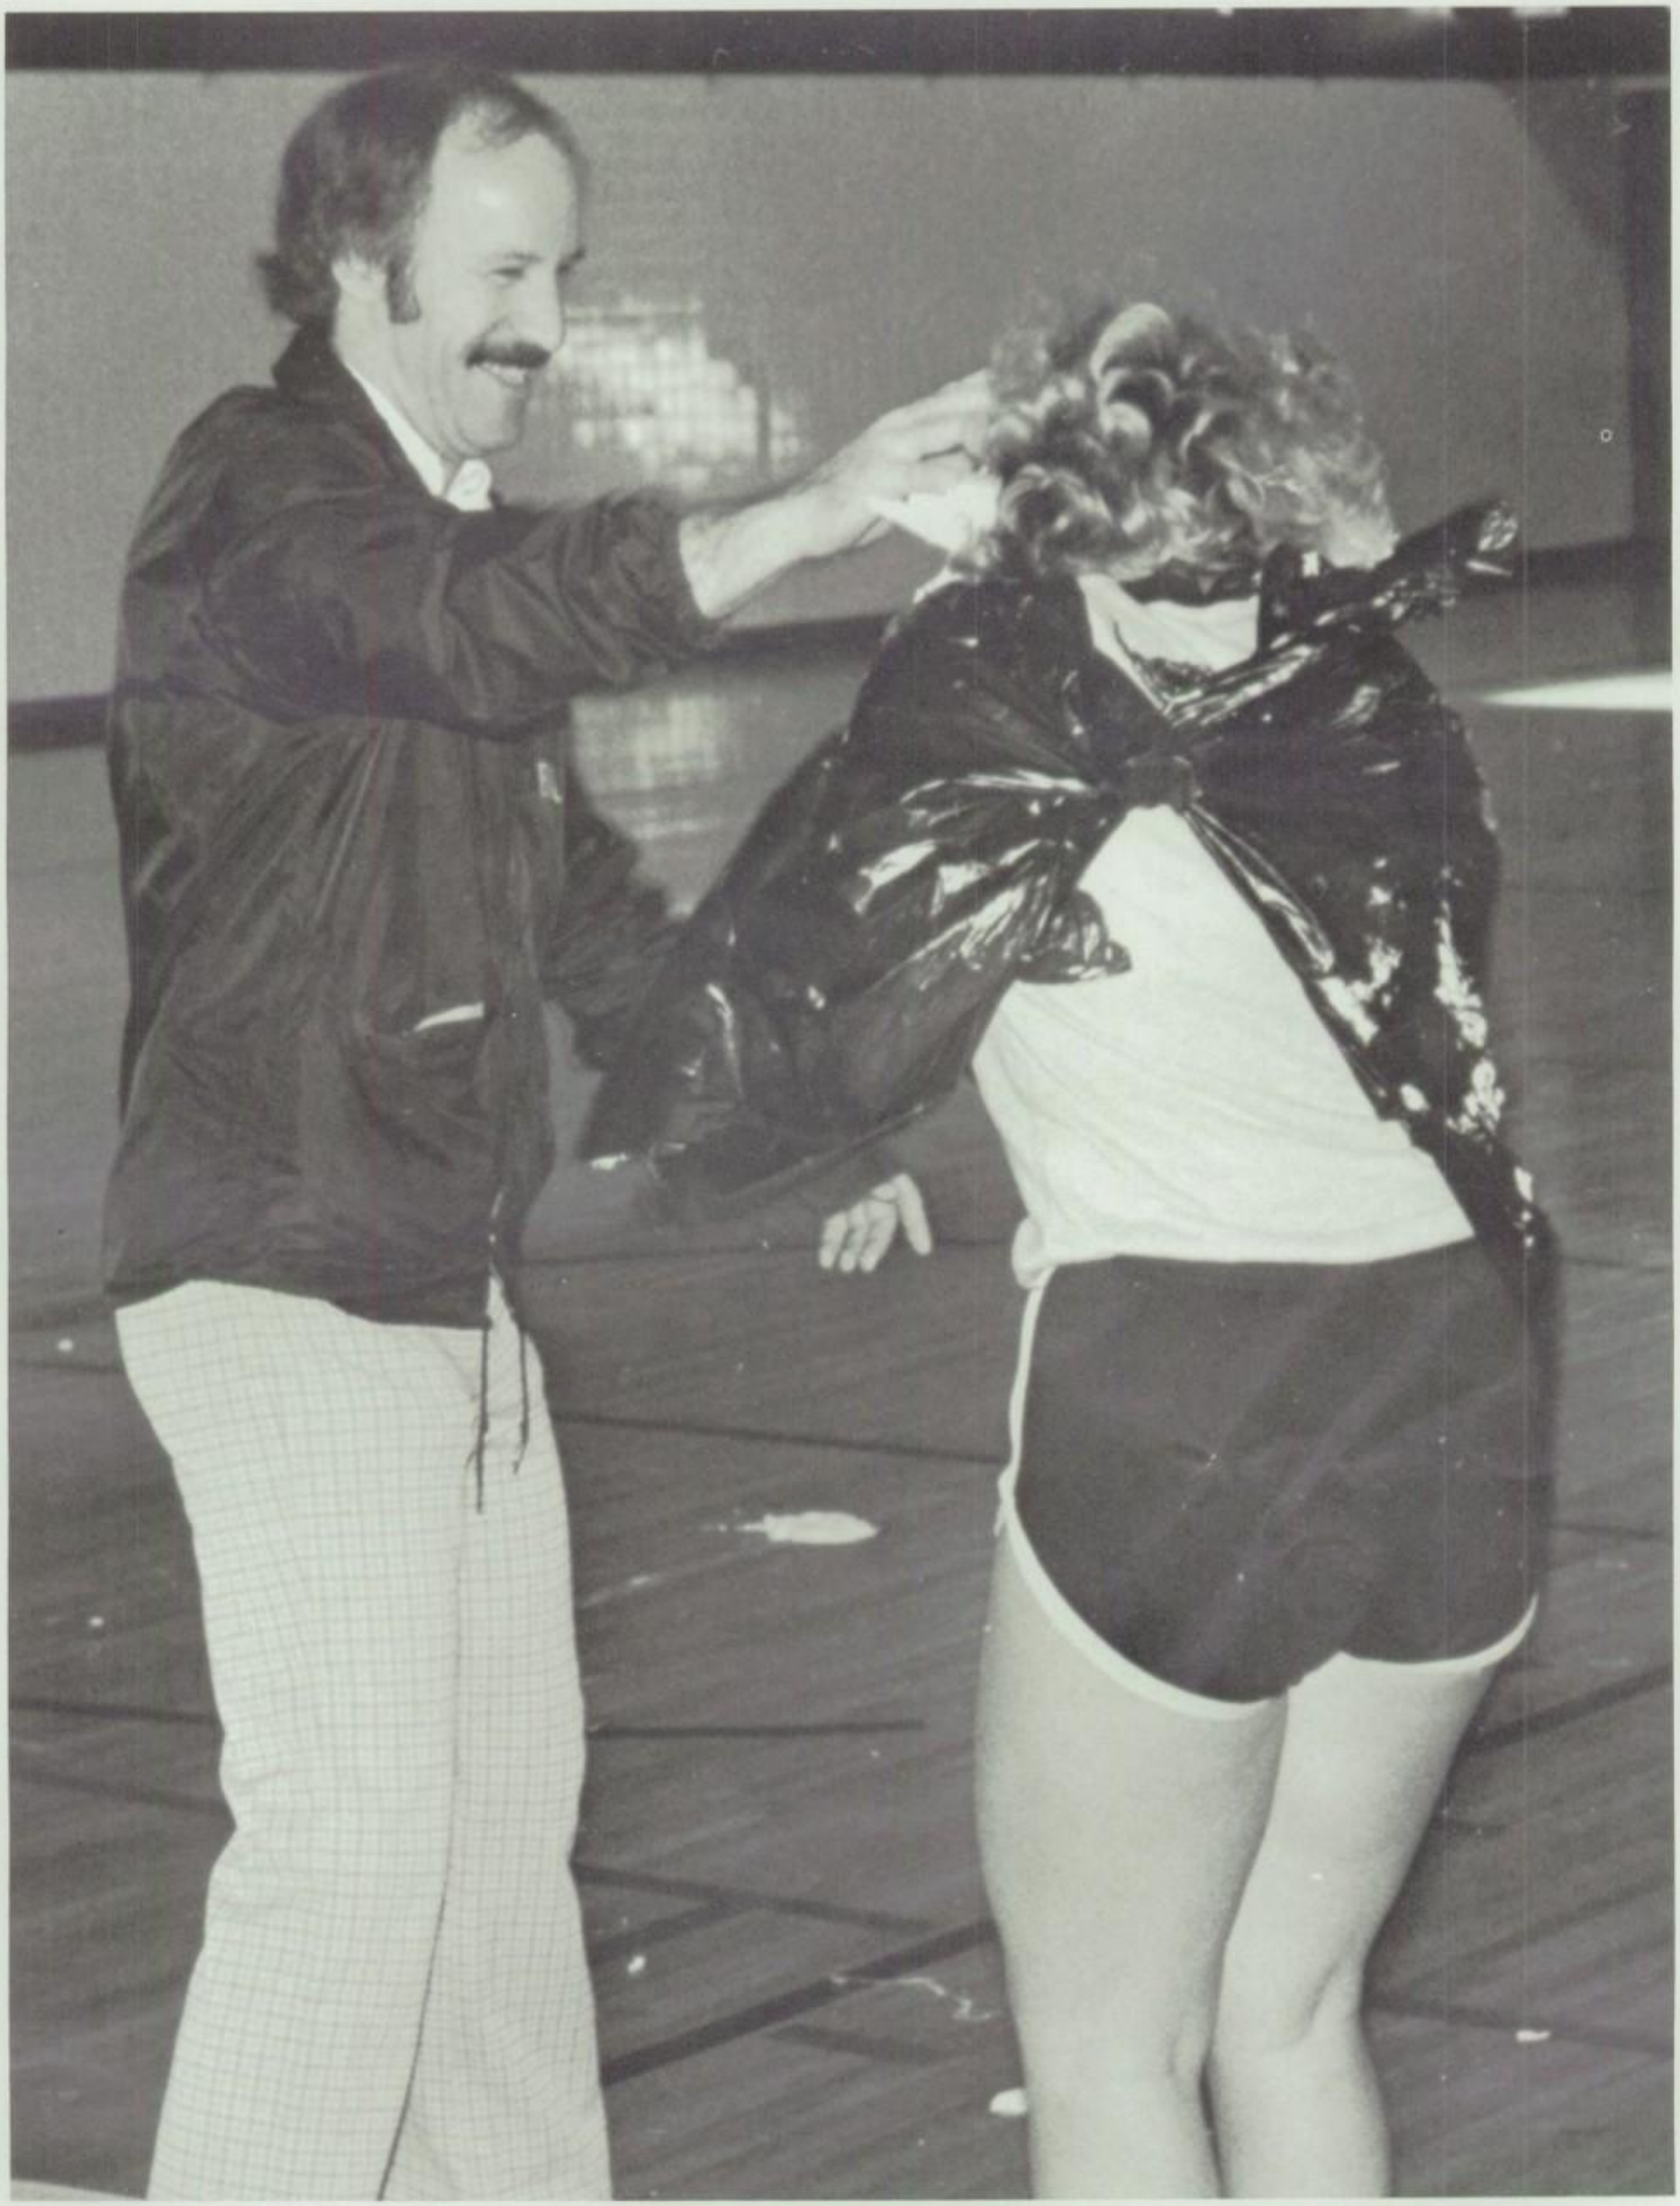
Faculty and Administration

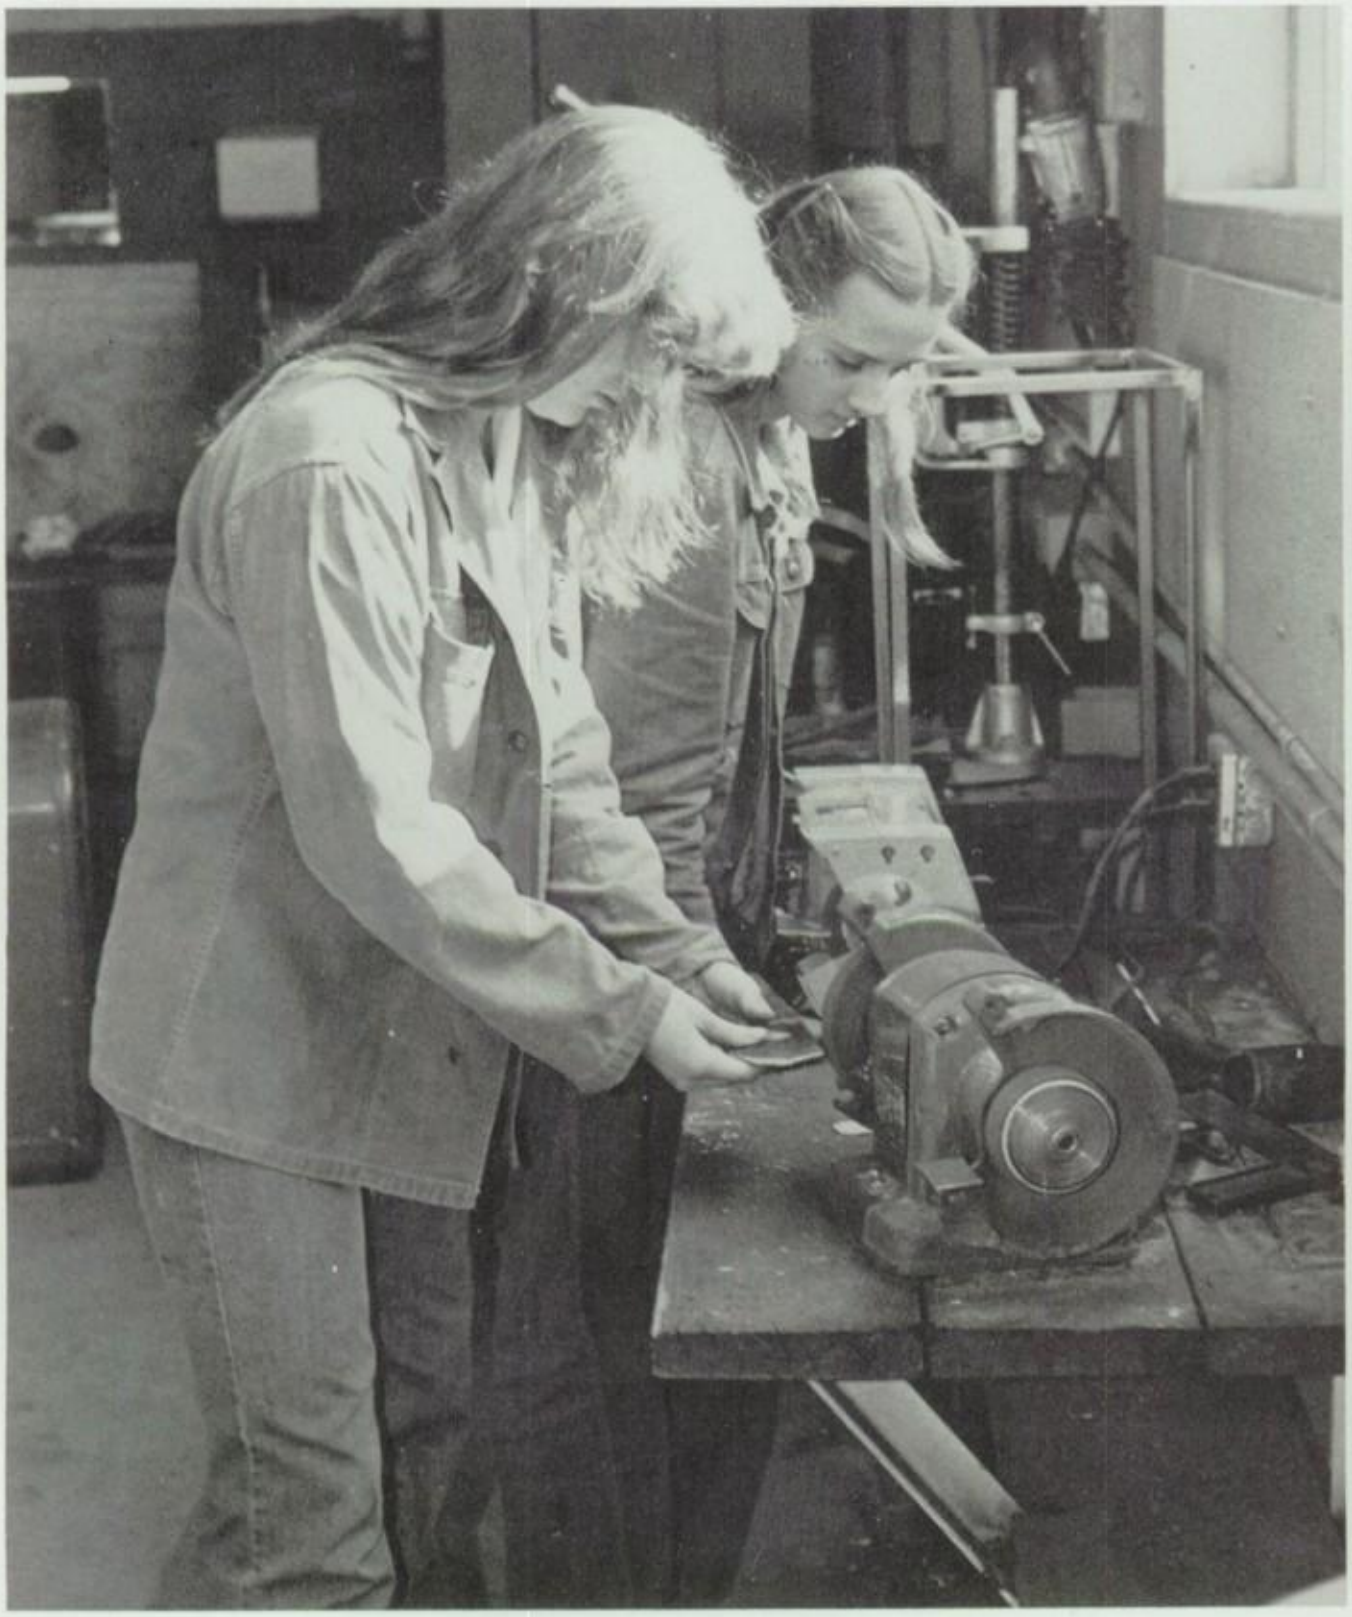


Q. WHAT IS FARMING?

The future farmers building is approximately 1,440 square feet. Many aspects of farm management, livestock nutrition, and crop production are explored in depth. There is a well-equipped shop where trailers, cattle racks, and loading chutes are constructed during the year. The spring brings the challenge of contest when the skills learned through a year of study are displayed. The knowledge gained during one short year becomes the foundation for a four-year program — an invaluable asset to each student involved in the agricultural program.

A. AG

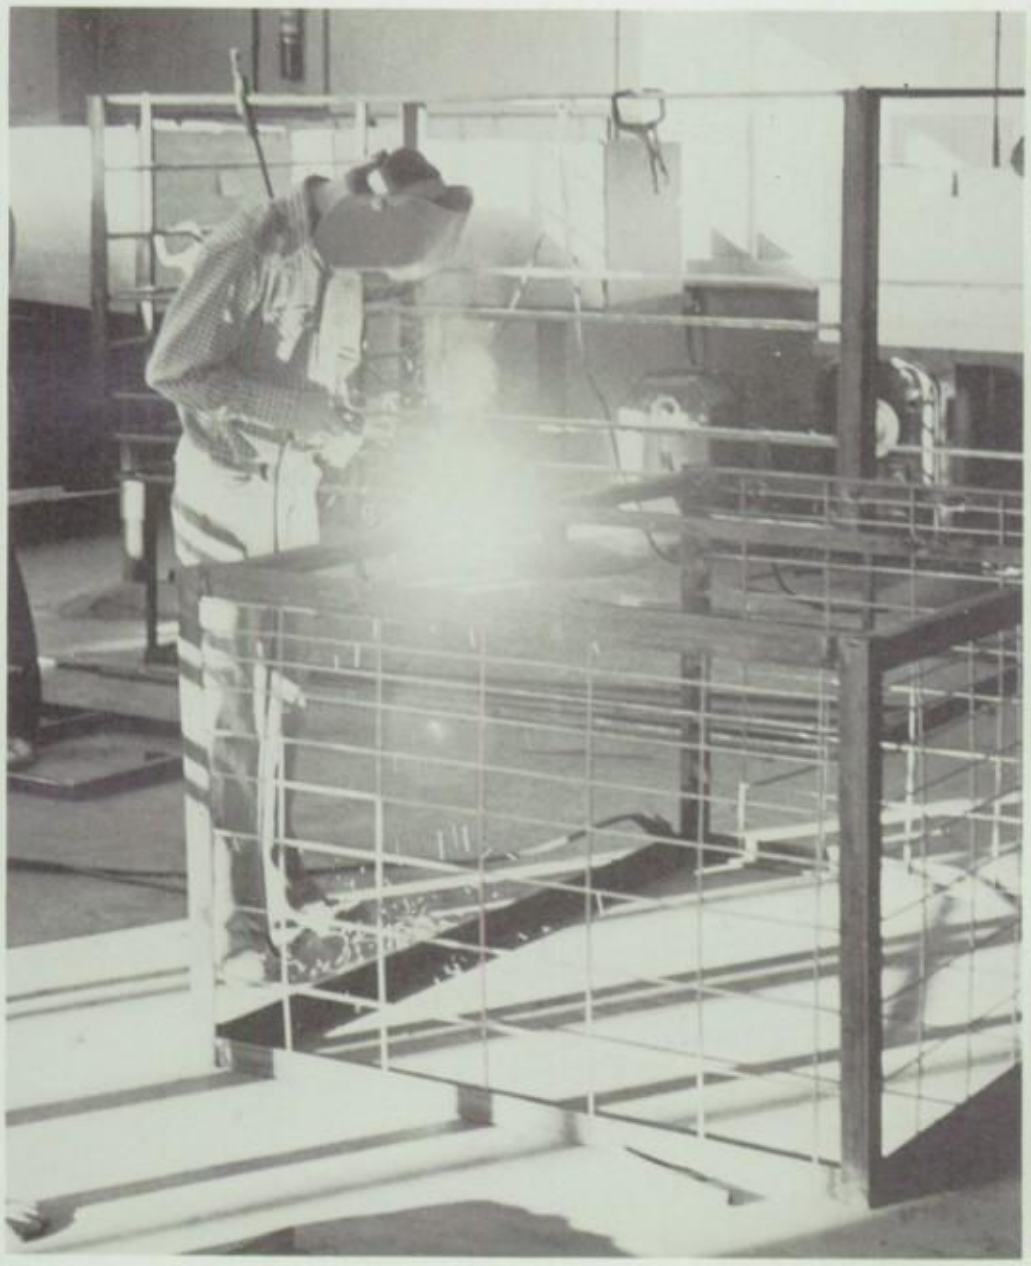
Richard Bandy — SUPERFARMER!!



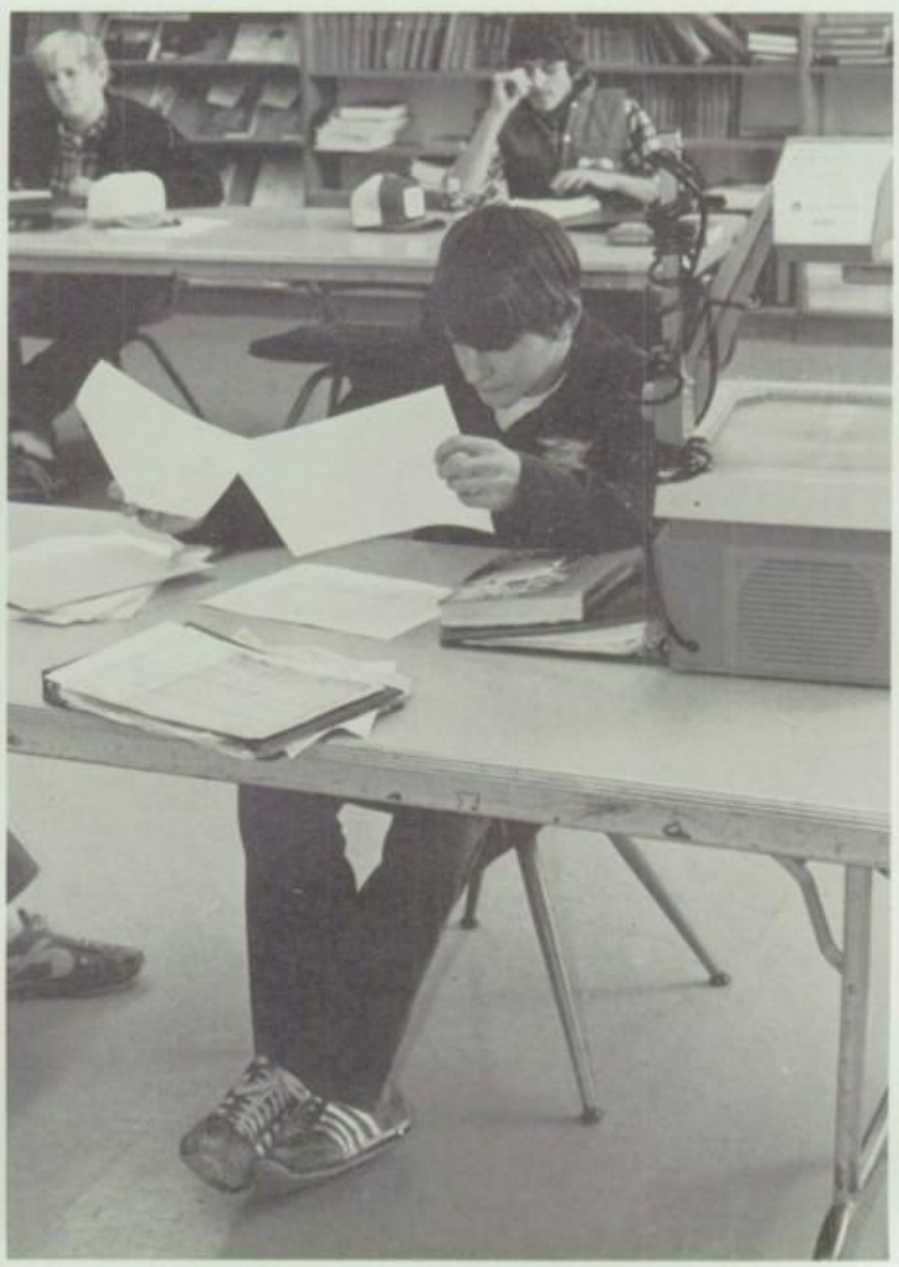
Anything boys can do, girls can do better!!

Chief consultant Ray Brendel.

Sullivan Aggies work *together!!!*



Who is that masked welder???



David carries on a Braun family tradition.

Q. WHAT IS A CPA?

Debits? Credits? Accruals? Accrued? Bailment? Compensatory damages? Under ith? Brief forms? Carbon copies? Help me, please! Cries of distress are often heard coming from the top floor of the new annex. Sounds of typewriters, adding machines, and pencils scurrying quickly can become deafening at certain times of the day. It takes hard work to acquire the knowledge needed to turn classroom learning into a workable skill. The rooms are carpeted, air conditioned, and equipped with comtemporary office machinery. The shelves are filled with dictionaries, word finders, and thesauruses. The instructors are well prepared to pass on the information to each student — capabilities are realized and expanded, while marketable skills are acquired.

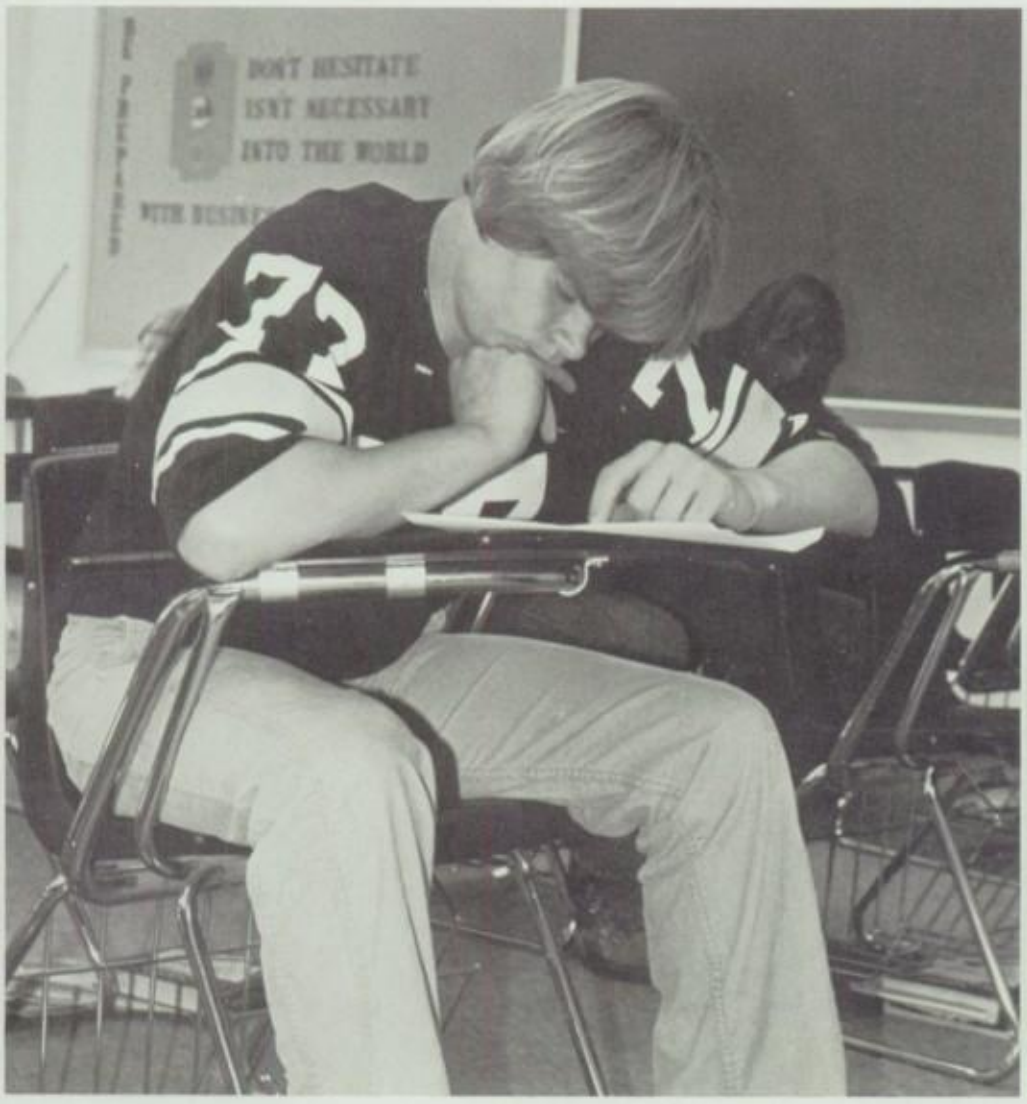
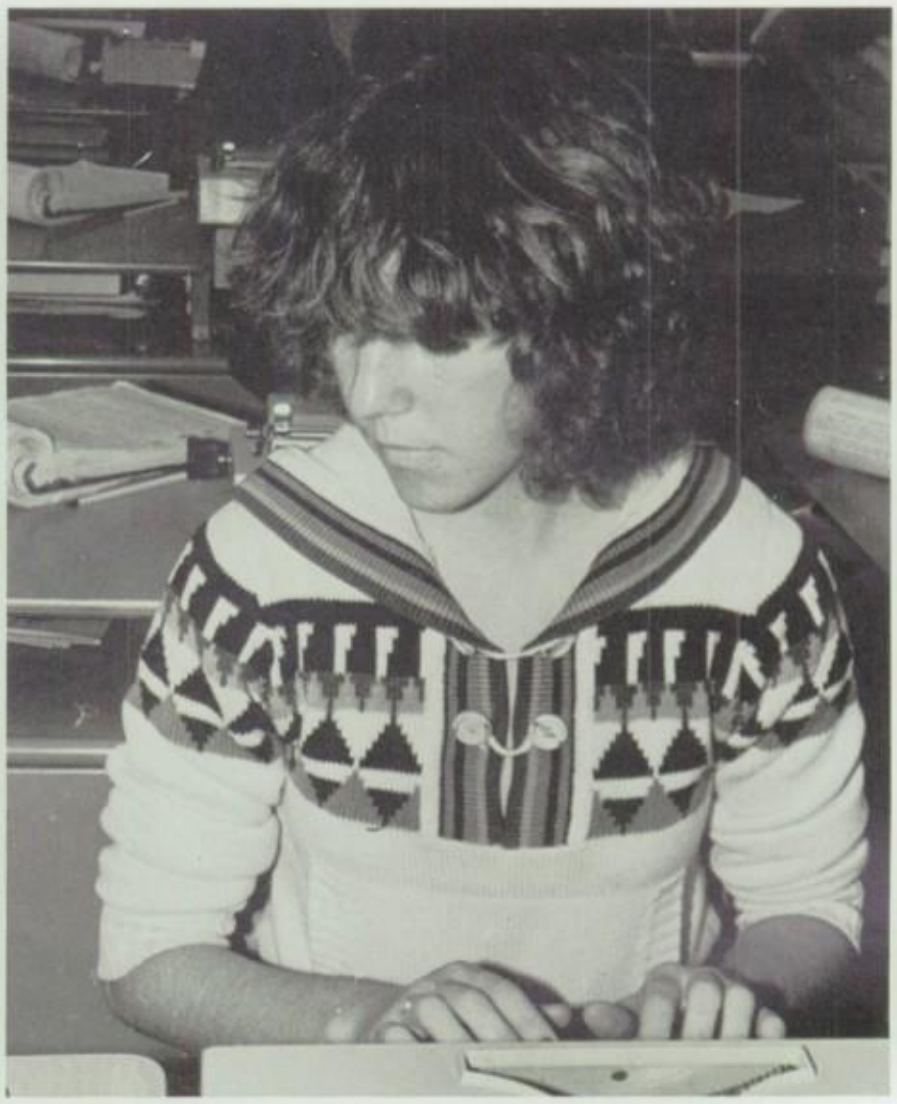
Mr. Carter helps Tom, Jackie and Mike in Accounting II.

Shorthand is sometimes perplexing. Wright She

"I'm Forever Blowing Bubbles . . . "



Ol' McDonald took a test, E I E I O!



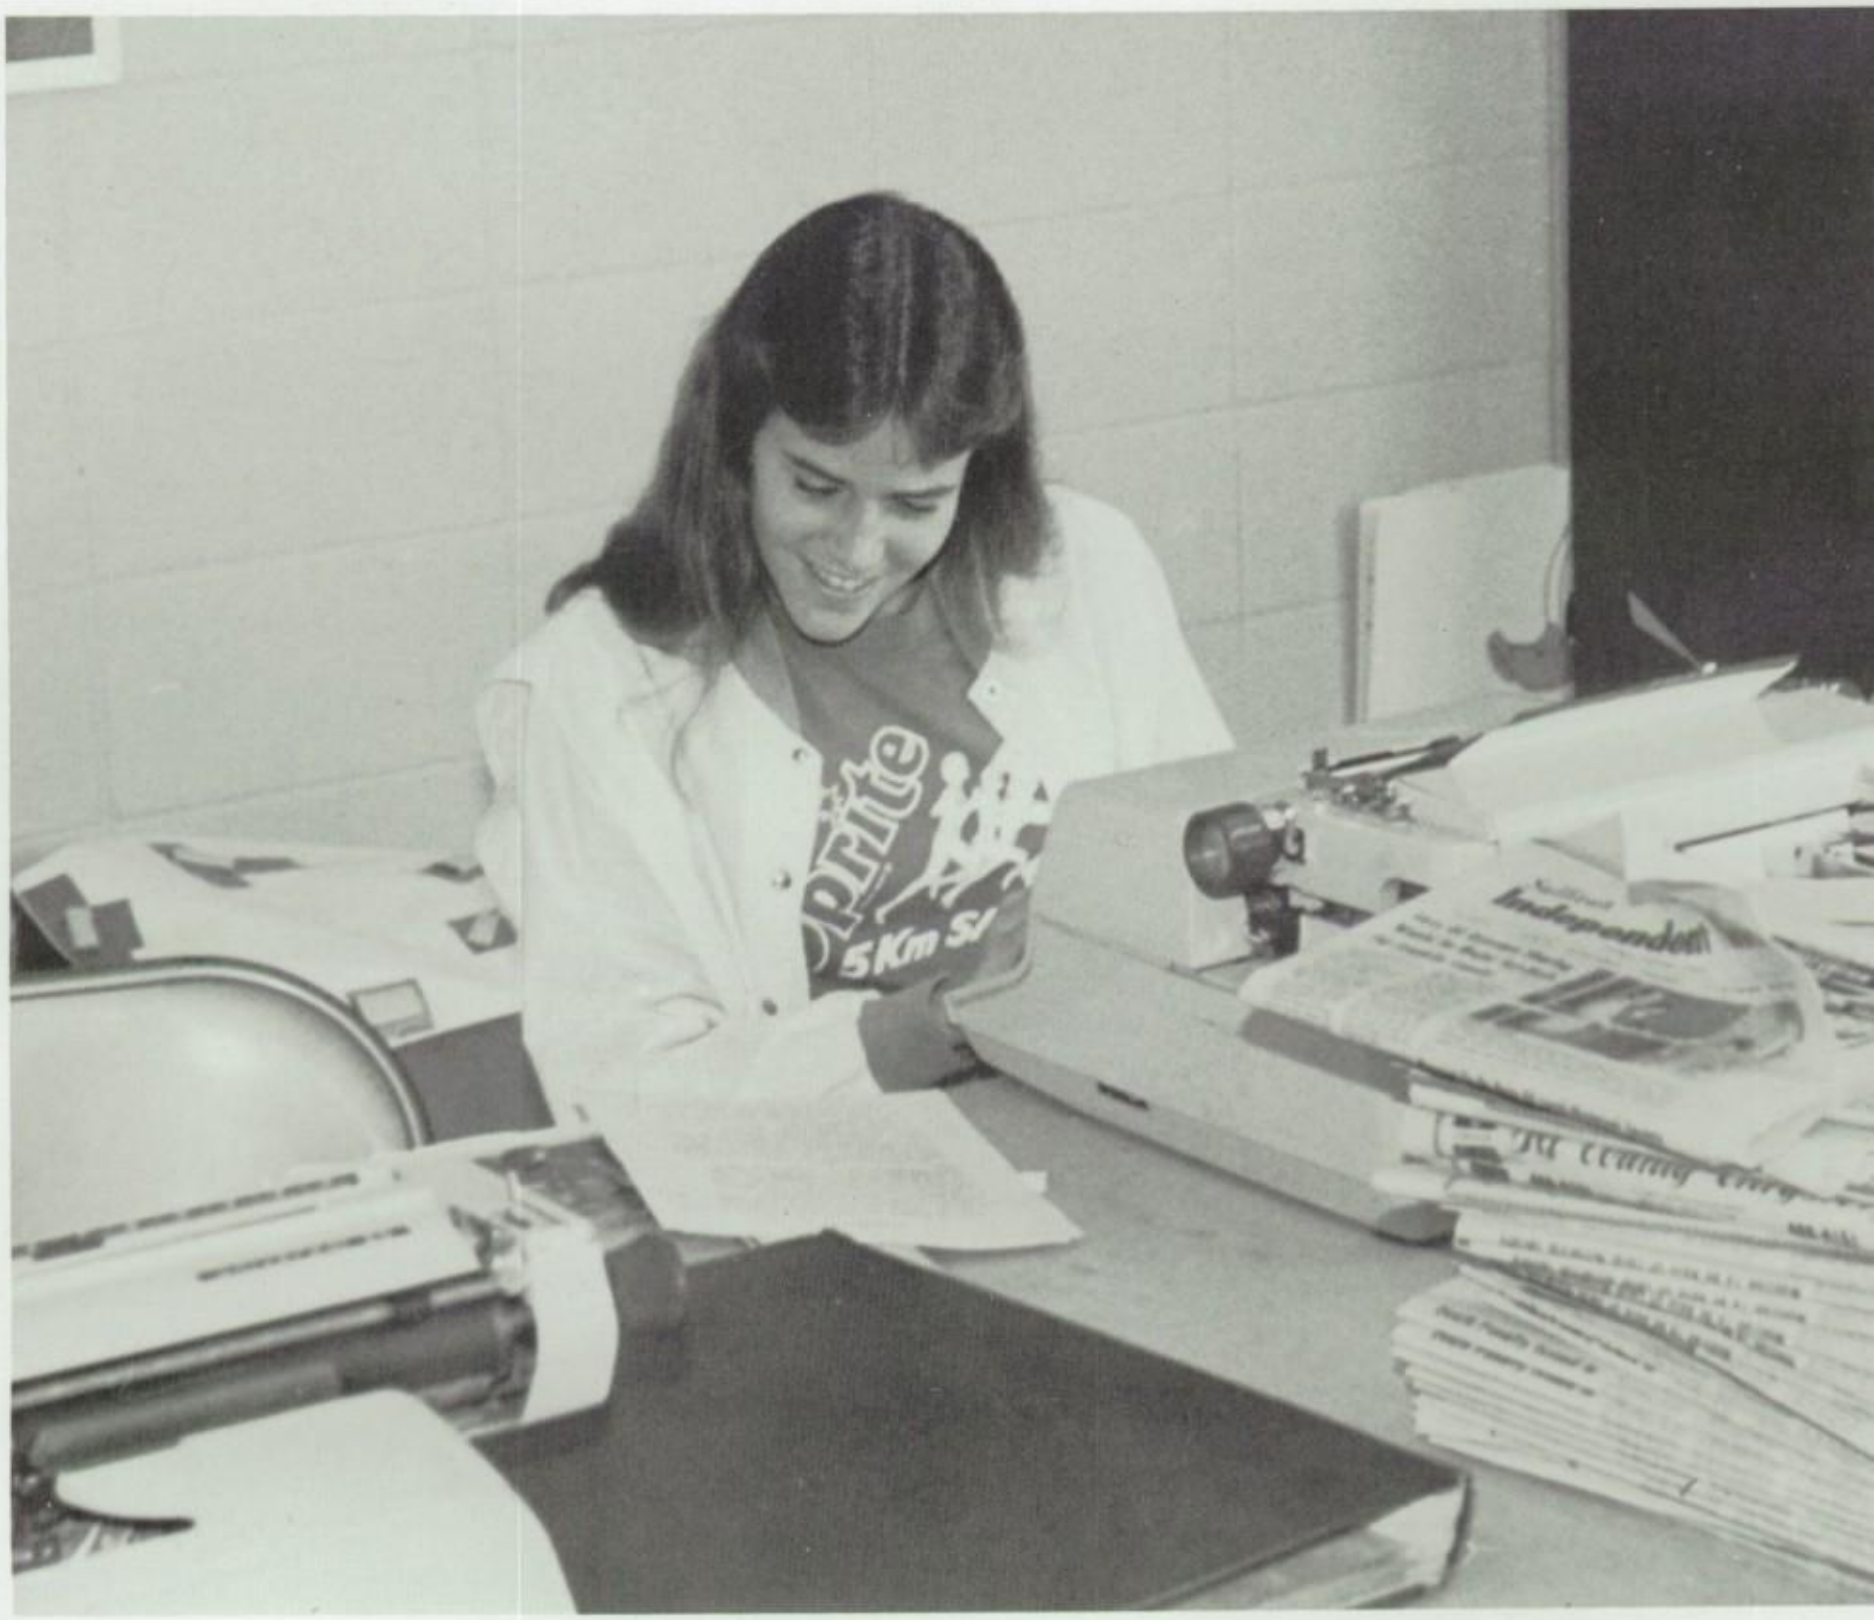
Lisa studies her typing intently.

HOW DO YOU SPELL RECIEVE?

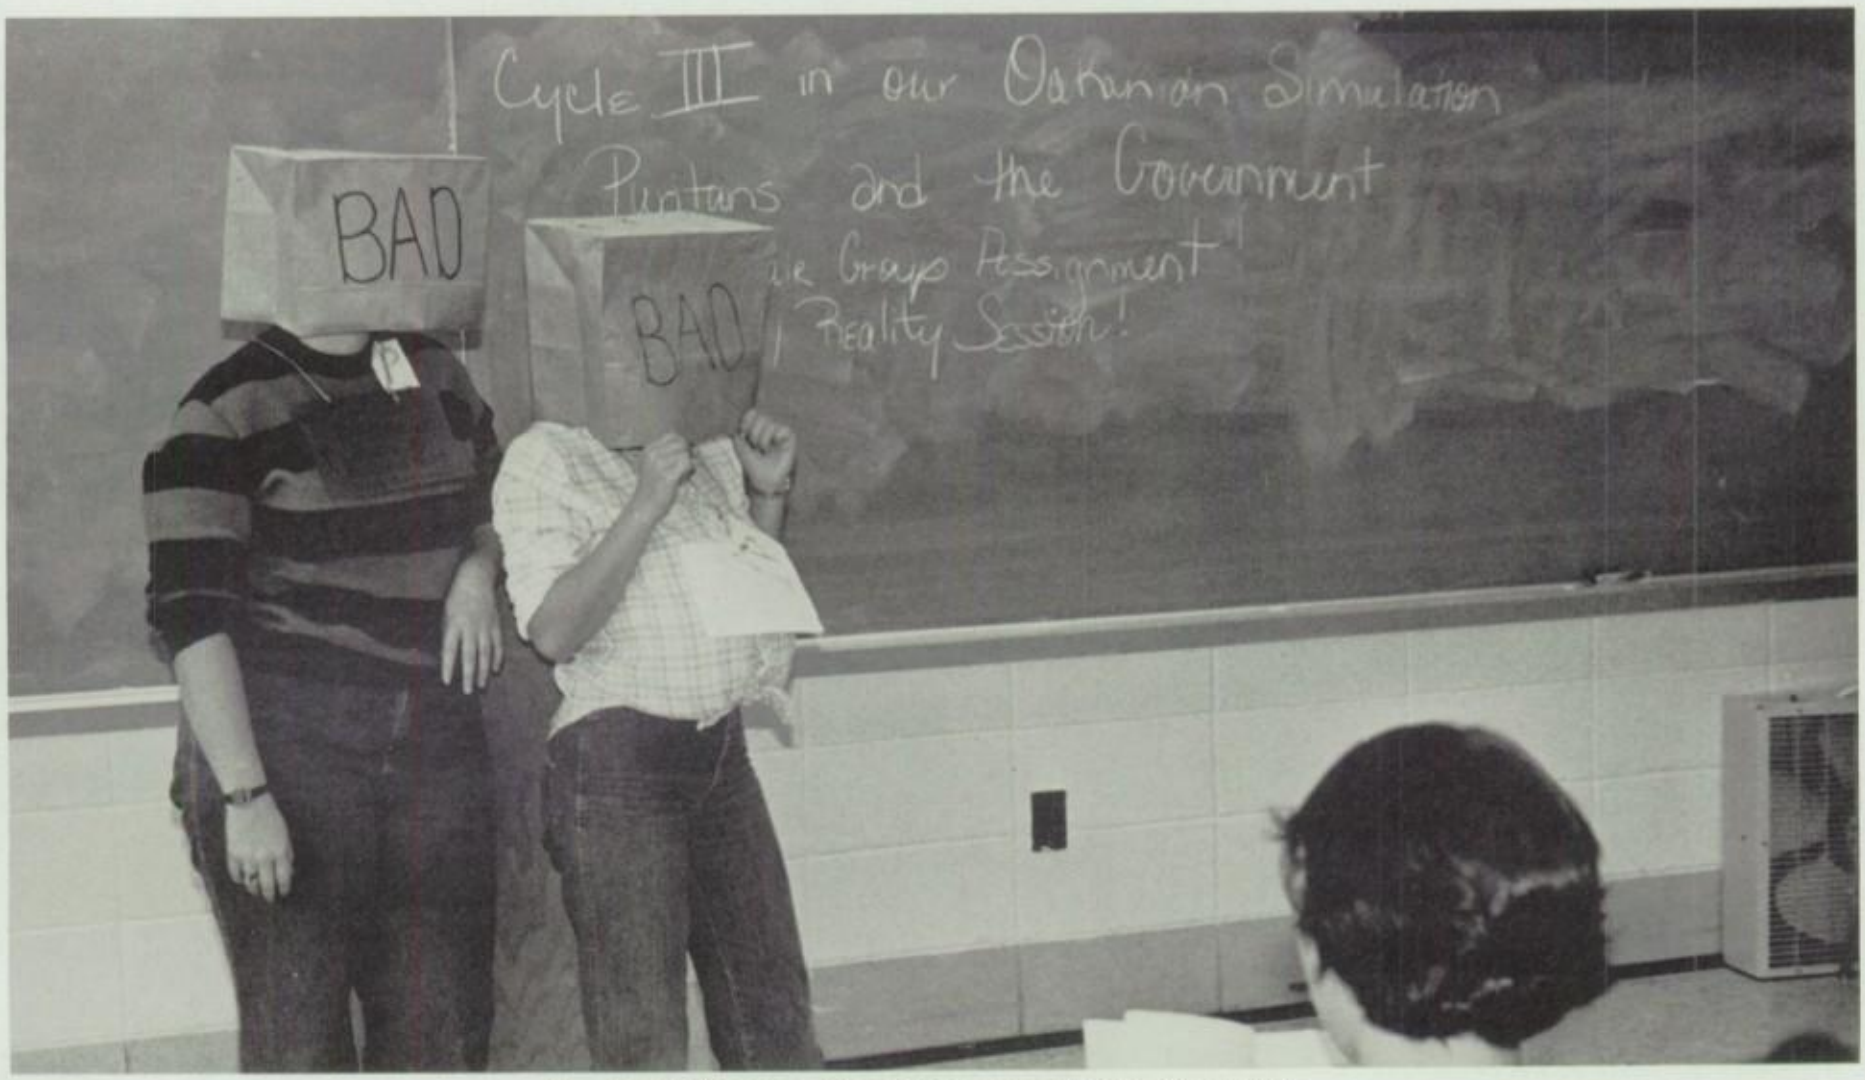
When the word English is mentioned, does grammar come to mind? Of course, it does; but don't stop there. Look toward the stage that is set for the actor. Watch as the pen is lifted for the writer. The SHS English Department offers an outlet for every student. Through the language art classes, students have an opportunity to write plays, learn a language, improve their speech, and learn to write a term paper. Talents are discovered, tapped, and polished. Basic spelling and grammar skills are perfected so that students are well prepared for the future that lies ahead — whether it contains college or work.

A. RECEIVE

~~Miss Pursley~~ (oops) Mrs. Peters!



Sally Scott displays her journalistic talents in the school paper.



American Literature class simulates a Puritan community.

"The emergency wind barriers are crevulatin', sir!"

Q. WHO WROTE BEETHOVEN'S FIFTH SYMPHONY?

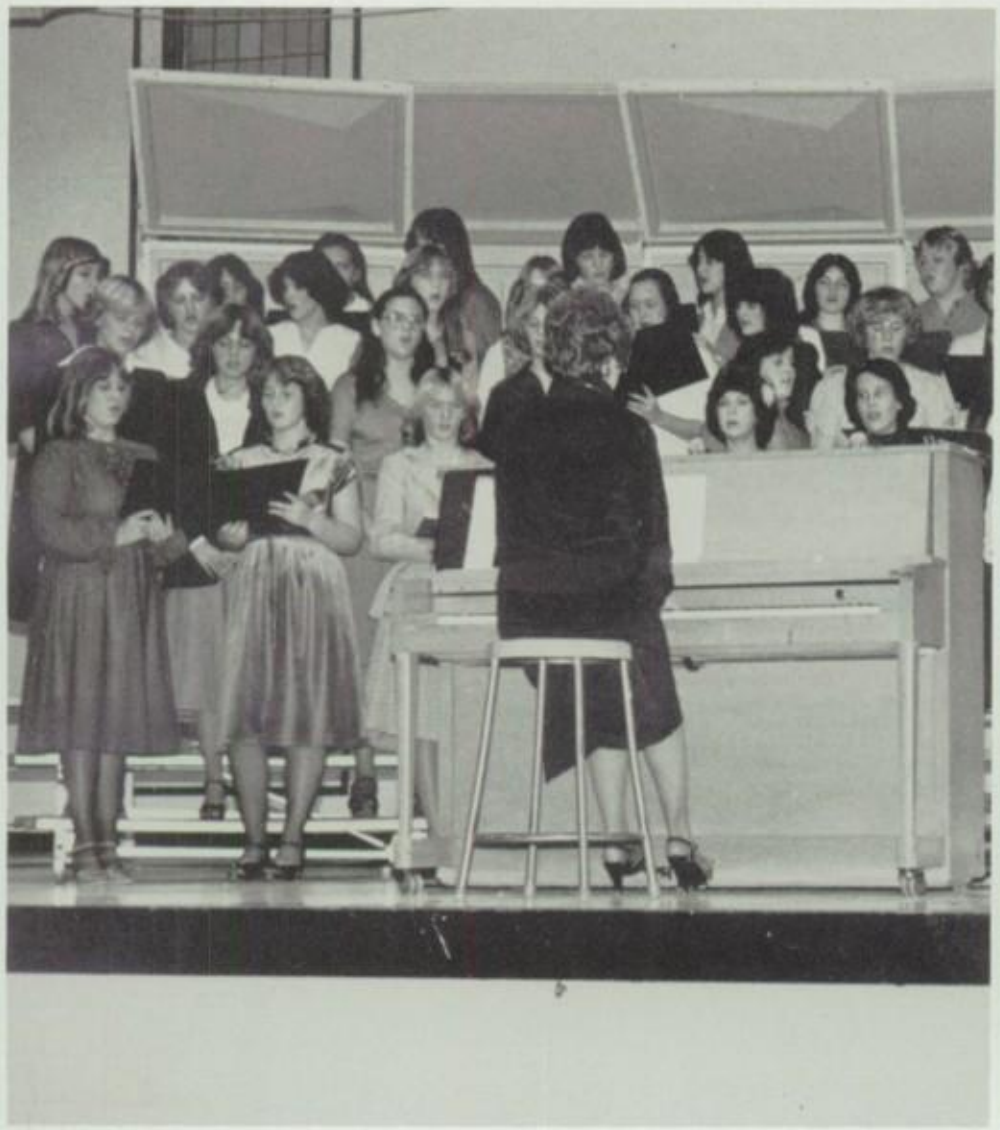
The fine arts include many facets of expression. Painters, musicians, and singers are given an opportunity to perfect and share their talents. Years of building musical skills are culminated in working with a top-ranked band or choir. Many hours are spent every year practicing sight reading, working on precision, and creating a masterpiece. The artists are given a chance to work in every medium available. The students with potential and interest are encouraged to expand in the advanced courses. Gaining, as they progress, a confidence in their own abilities. Choosing a course suitable for personal talents is easy — fine arts covers a wide range of interest, offering something to everyone.

A. BEETHOVEN, OF COURSE.

Fran perfects her talent.

Yet another display of artistic ability!!!

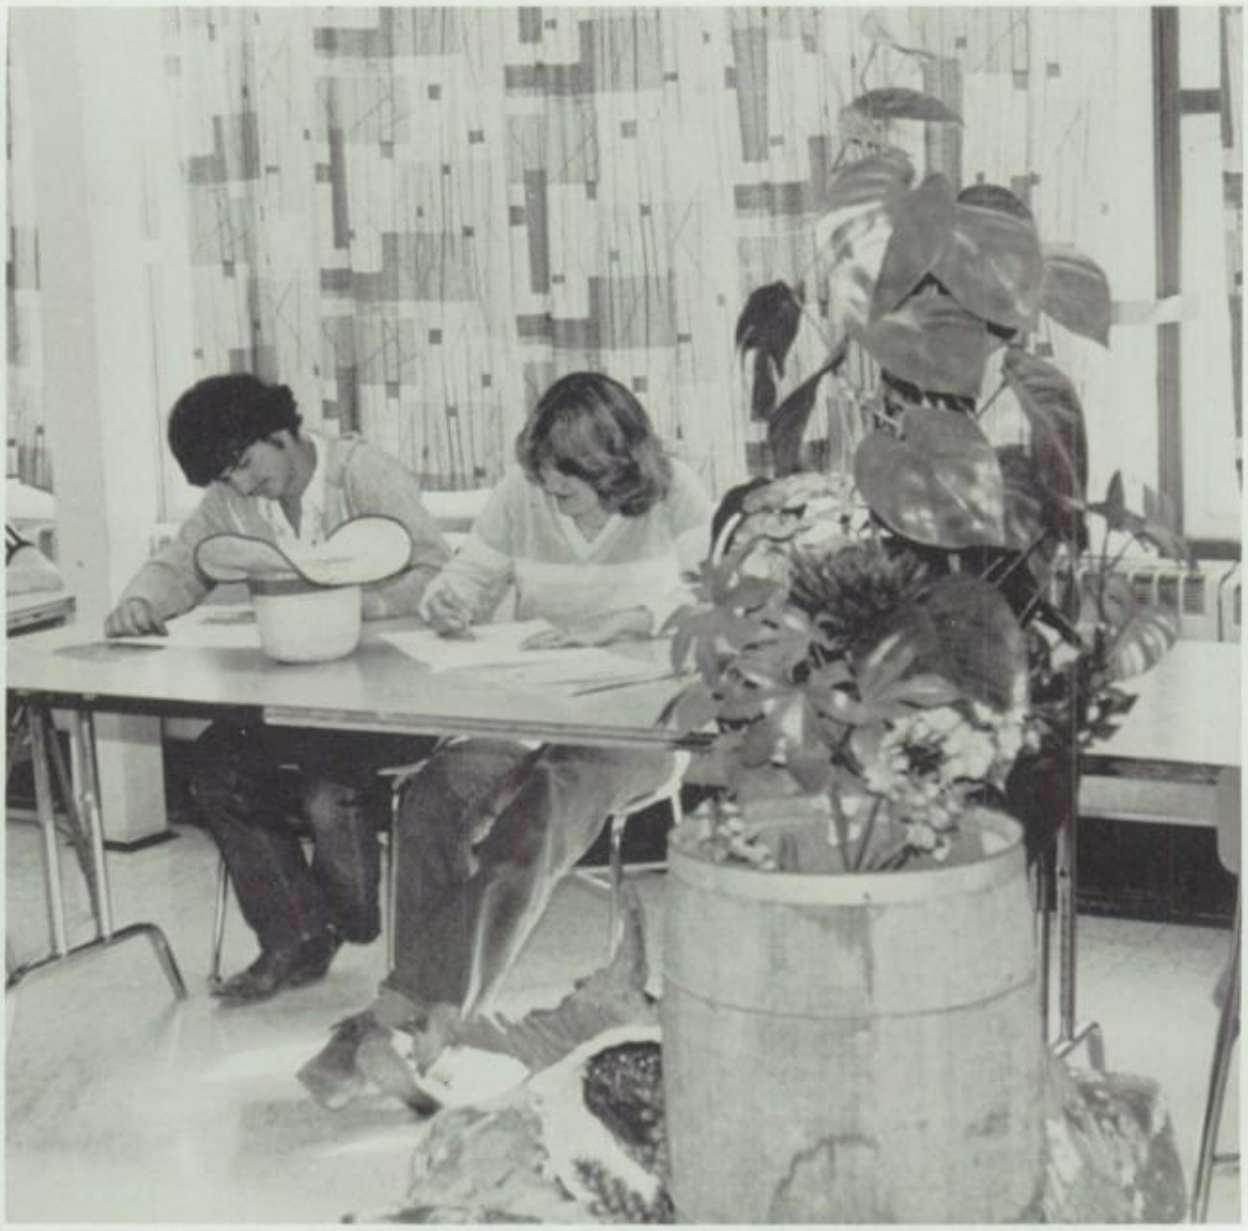
Not nervous, are you Todd?



Deanna Spurgeon's direction spells excellence.

Girl's Chorus — Three Part Harmony!!!

Colleen *loves* tuning her sax!!!



Dean and Angie thoroughly enjoy sketching plants.

Q. DO I HAVE TO RIP OUT THAT SEAM AGAIN?

Where can a person get engaged, married, divorced, and/or widowed all in one semester of high school? The spot is located at the end of the freshman hall. It is called the Home Economics rooms. In this set of rooms a variety of useful things are taught. The aspects of designing a home are discovered. Everything from determining the floor plans to decorating the interior can be learned. After the home is designed, management is emphasized. Managing a budget, looking for a bargain and buying appliances are all skills to be gained. The technique of preparing an exotic meal is then demonstrated. The basics of sewing to creating an entire wardrobe are mastered. The process of raising a child and caring for him are studied — the skills of managing a household are learned and used.

A. PRACTICE MAKES PERFECT!

The joys of stitchery!

Alanna and Colleen demonstrate their cooking expertise.

Kathy "rices" to the occasion.

Yes, Tracy, it *will* go through.

Fashion expert Robin Grochmal.

Cathy and Sherrie learn all about onions.

Pizza a la Jill and Carolyn!

Q. IS THE SCHOOL BURNING DOWN?

Industrial arts is defined as highly developed industries. To the students it means hard work, acquired skill, and self-accomplishment. There are moments when the student feels disgusted. There are times when the drafted line is crooked, a board isn't squared, or the saw blade breaks. There are times when the clock is finished, the blueprints are completed, or the house is built. The end result seems to make the times of trouble all worth while. Constructing a chest of drawers from a pile of rough wood, designing a five-room home, or building a dune buggy are common occurrences. The obstacles are many, some nearly impossible to overcome — The reward comes from the realization that a finished product is within reach.

A. NO, THE WELDERS ARE BUSY.

Kevin gets a little help from his friend.

Dave exhibits carpentry skills.

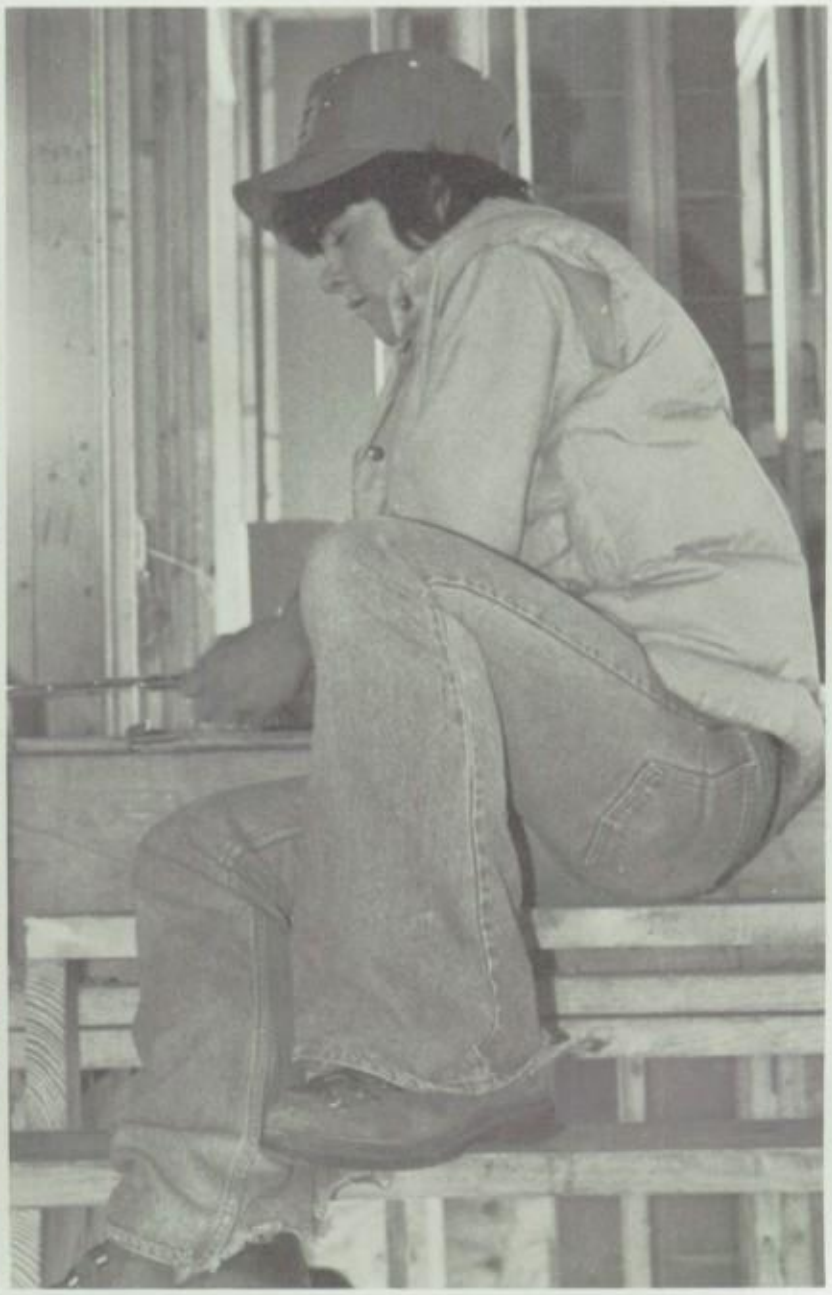
Darren, Jerry and Tony have fun in shop!

Let's all hope Leroy doesn't become a surgeon!

Applying the "finishing" touches.

Tom Tacks!!

Bill is intent on his work.



Gary looks almost relaxed!!

Q. WHAT IS THAT TERRIBLE MESS?

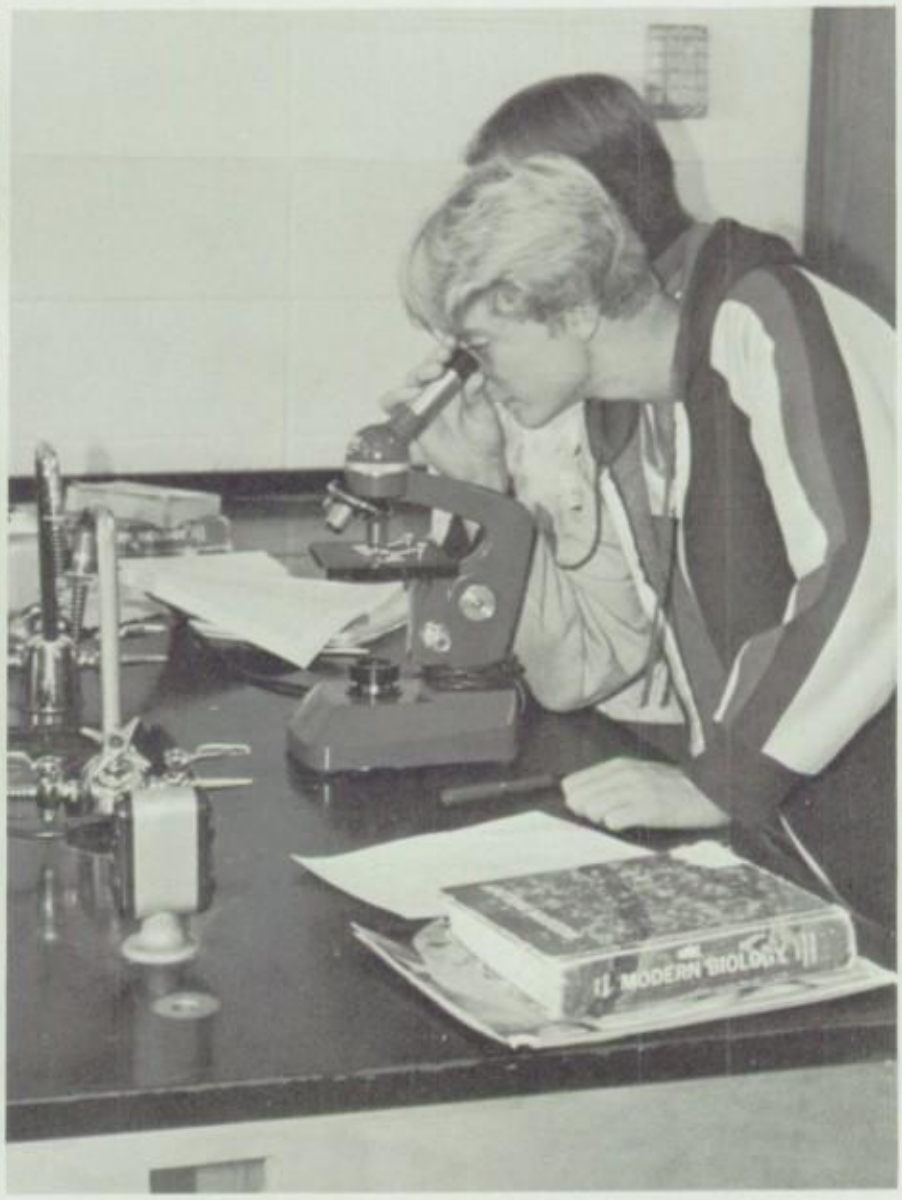
The future of our world my be decided by the scientists, mathematicians, and engineers studying in the east hall of SHS. Perhaps a major breakthrough in science or a structural masterpiece will be created from the minds now learning the basics of science. The discovery of the fourth dimension is within the realm of possibility. Chances to discover new elements, create original products, and innovate new ideas are presented. Analyzing and experimenting are intricate parts in the foundation of every theory — dedication and hours of study are needed to obtain the efficiency needed to pursue a career in these fields.

A. THAT'S MY EXPER-
IMENT.

Jeff really gets excited about Algebra II.

Brenda, Ian, Pete and Darrin prove that science can be fun.

Kelly demonstrates his invention in Chemistry.



Oh no, Richie! You've created a miniature monster!!!

Marty gives a few "pointers" to Mr. Oberbeck.

Cheryl and Kim consider Algebra II quite a challenge.

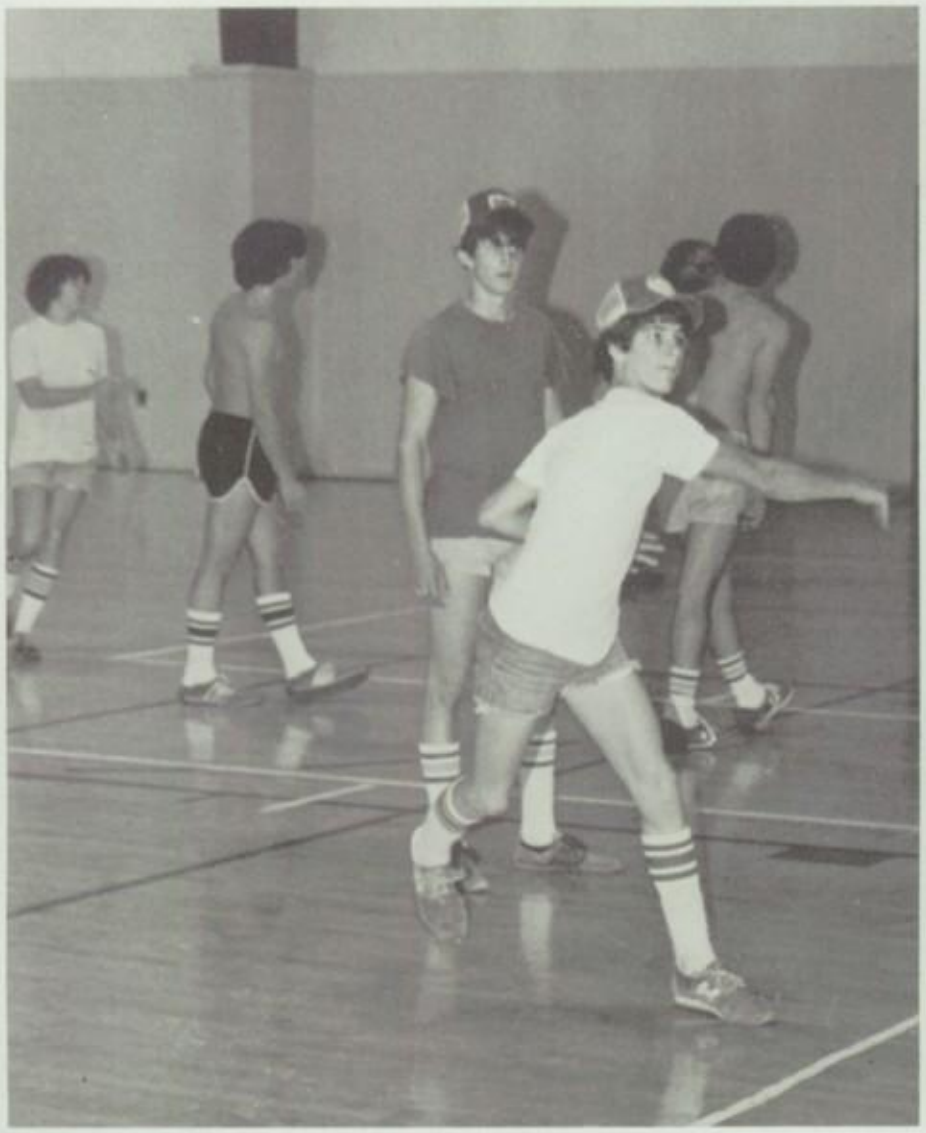
Q. WHERE DO YOU GET FIT AND TRIM?

Physical Education is the SHS way of building bodies. Here at Sullivan High School there are three ways to stay fit. The freshmen and sophomores stay in top condition through the required P.E. classes by playing such sports as baseball, basketball, and volleyball. All of these students are required to take the Presidential Fitness test. The juniors and seniors can keep their shapes and build muscles by taking lifetime sports, sports that people can enjoy for a lifetime: bowling, swimming, archery, racketball, and fishing. For the athletes to stay in perfect form, P.E. sports is offered 6th hour when the students who participate in a conference sport may devote the entire hour to their sport under the direction of their coach — grace, fitness, and finesse became second nature to the athletes.

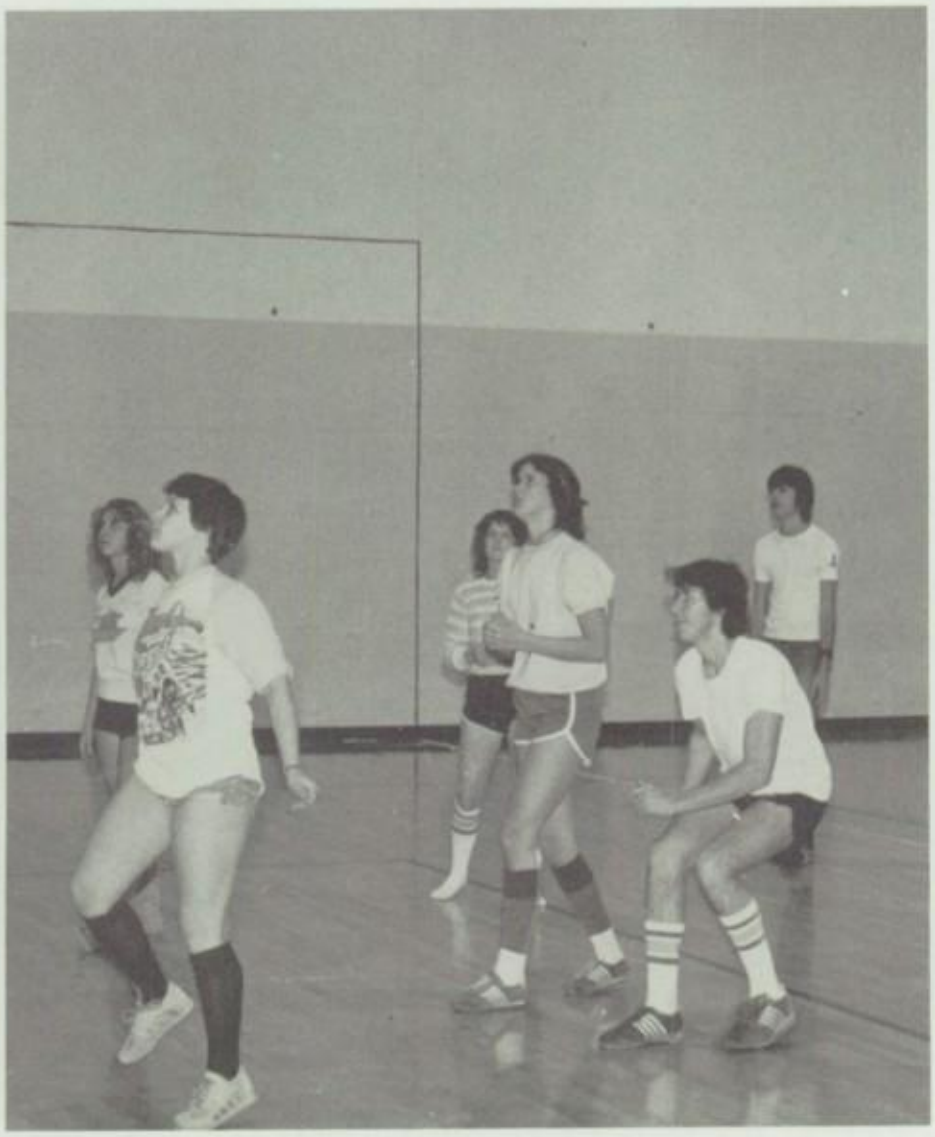
A. IN THE SHS GYM

Another Meadowlark Lemon?

These girls never knew sit-ups could be so exciting!



Jeff demonstrates the fine art of handball.



Winning at volleyball is a team effort.

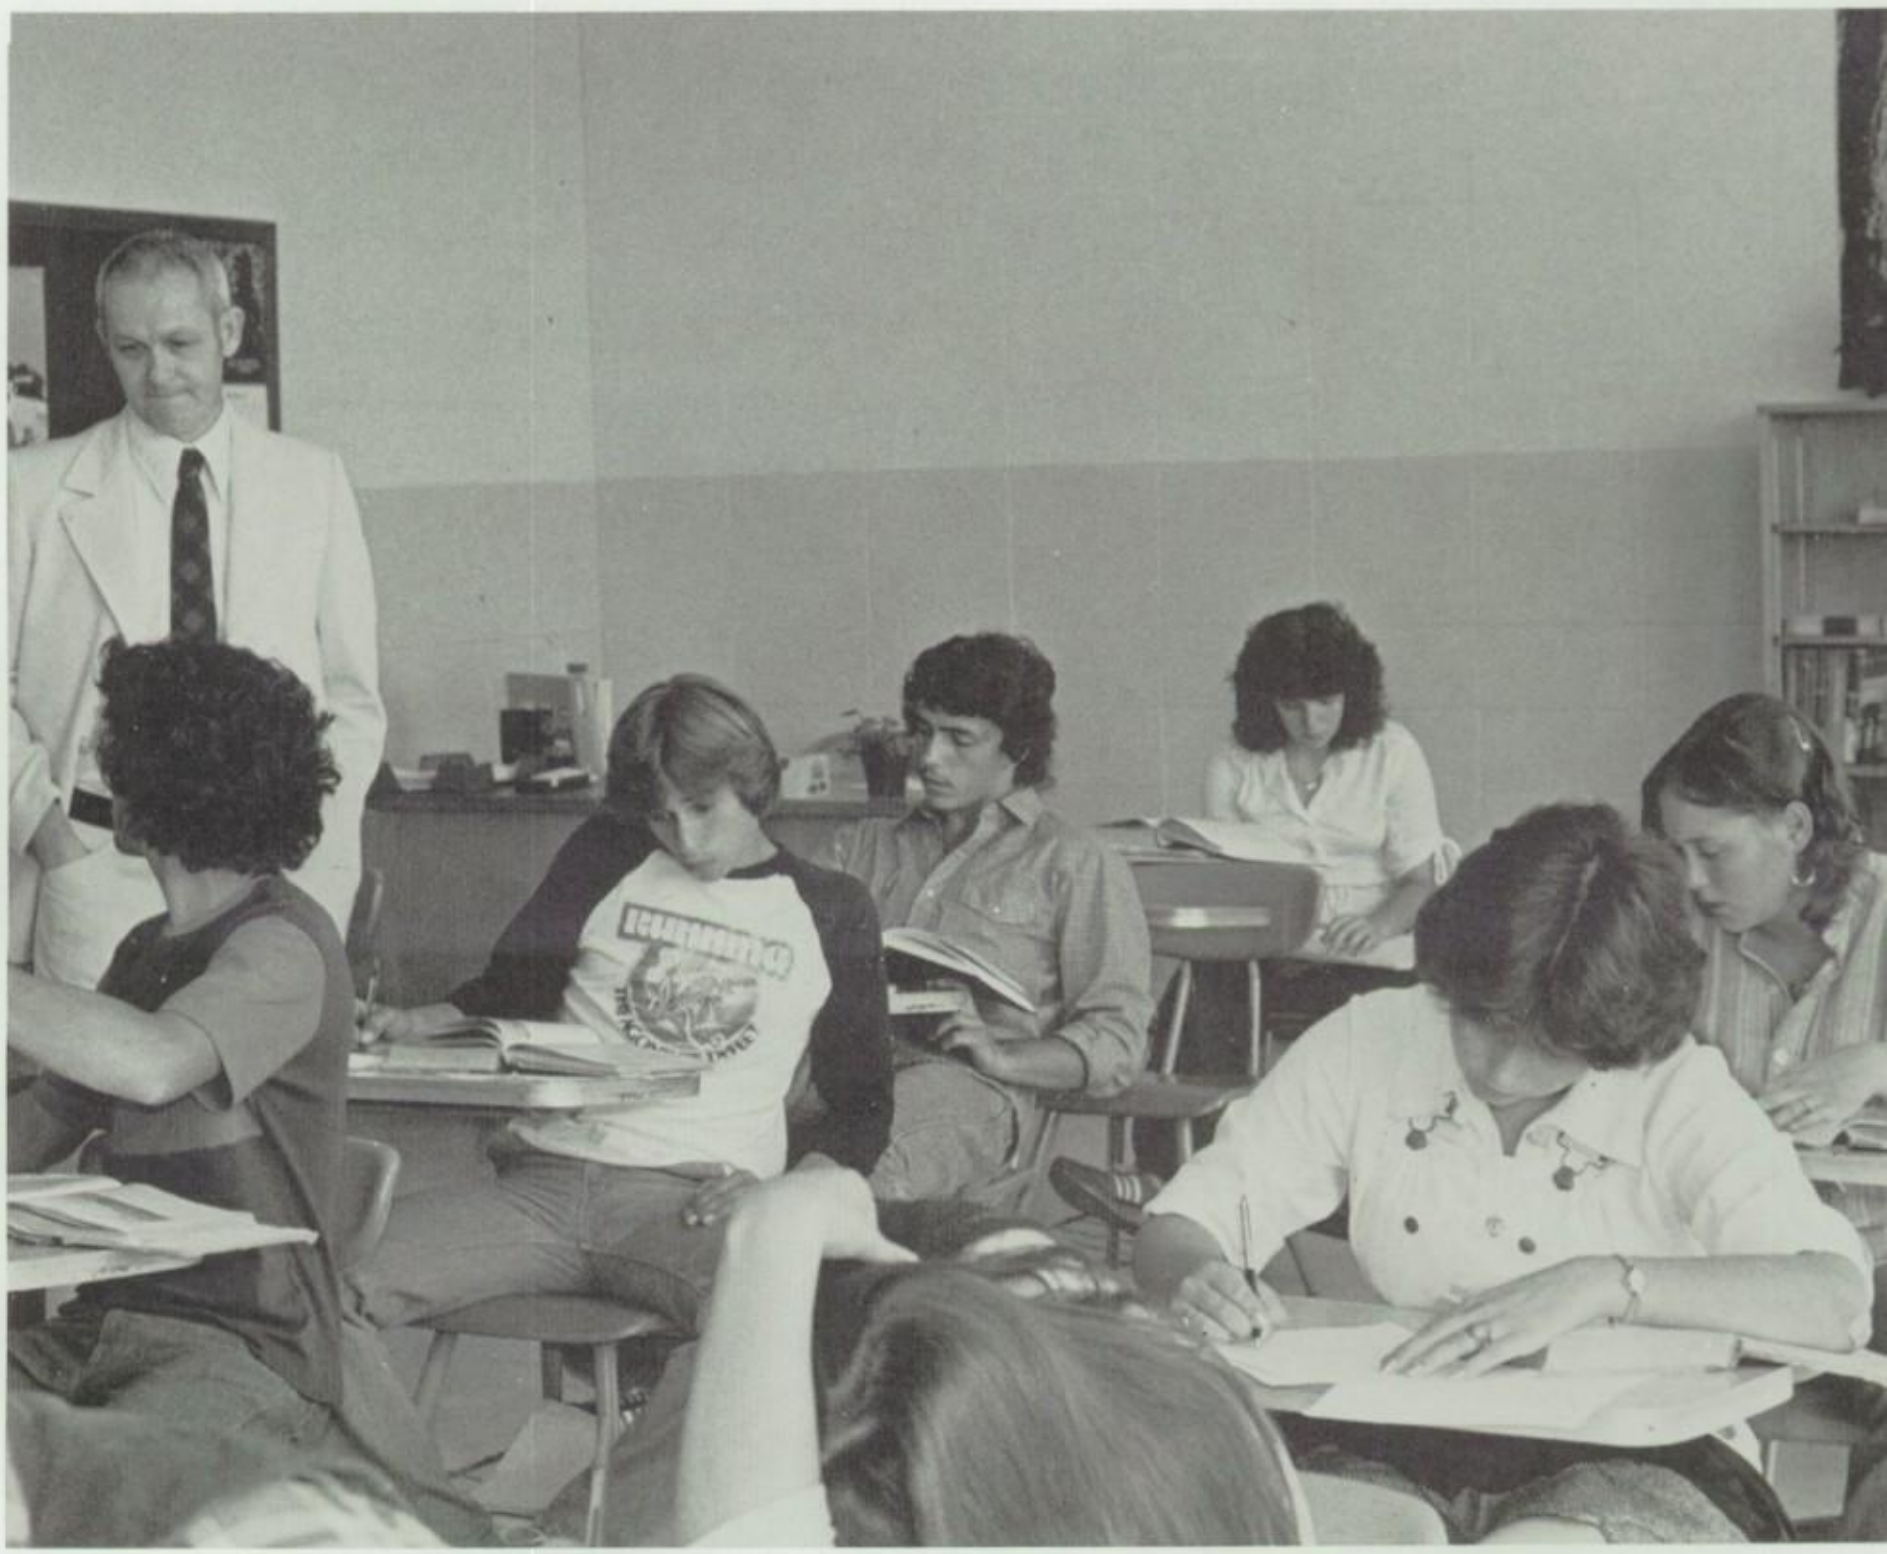
Co-ed P.E. — now that's FUN!!!

Q. WHAT HAPPENED DECEMBER 7, 1941?

A tour of Missouri, a trip around the world, and a flight into the future, all without leaving Rooms 8,9, and 11. How does the mind work? Why do people react the way they do? The answers to these questions can be found in Rooms 10 and 102. Up-dating on current affairs can be done in Room 104. How does America elect a president? The answers to questions, both past and present, can be found in the social studies classes. History is discovered again by each student, and possible solutions to the problems of today are discussed. A part of each of our lives is based on the information these classes provide — learning the past mistakes and future triumphs.

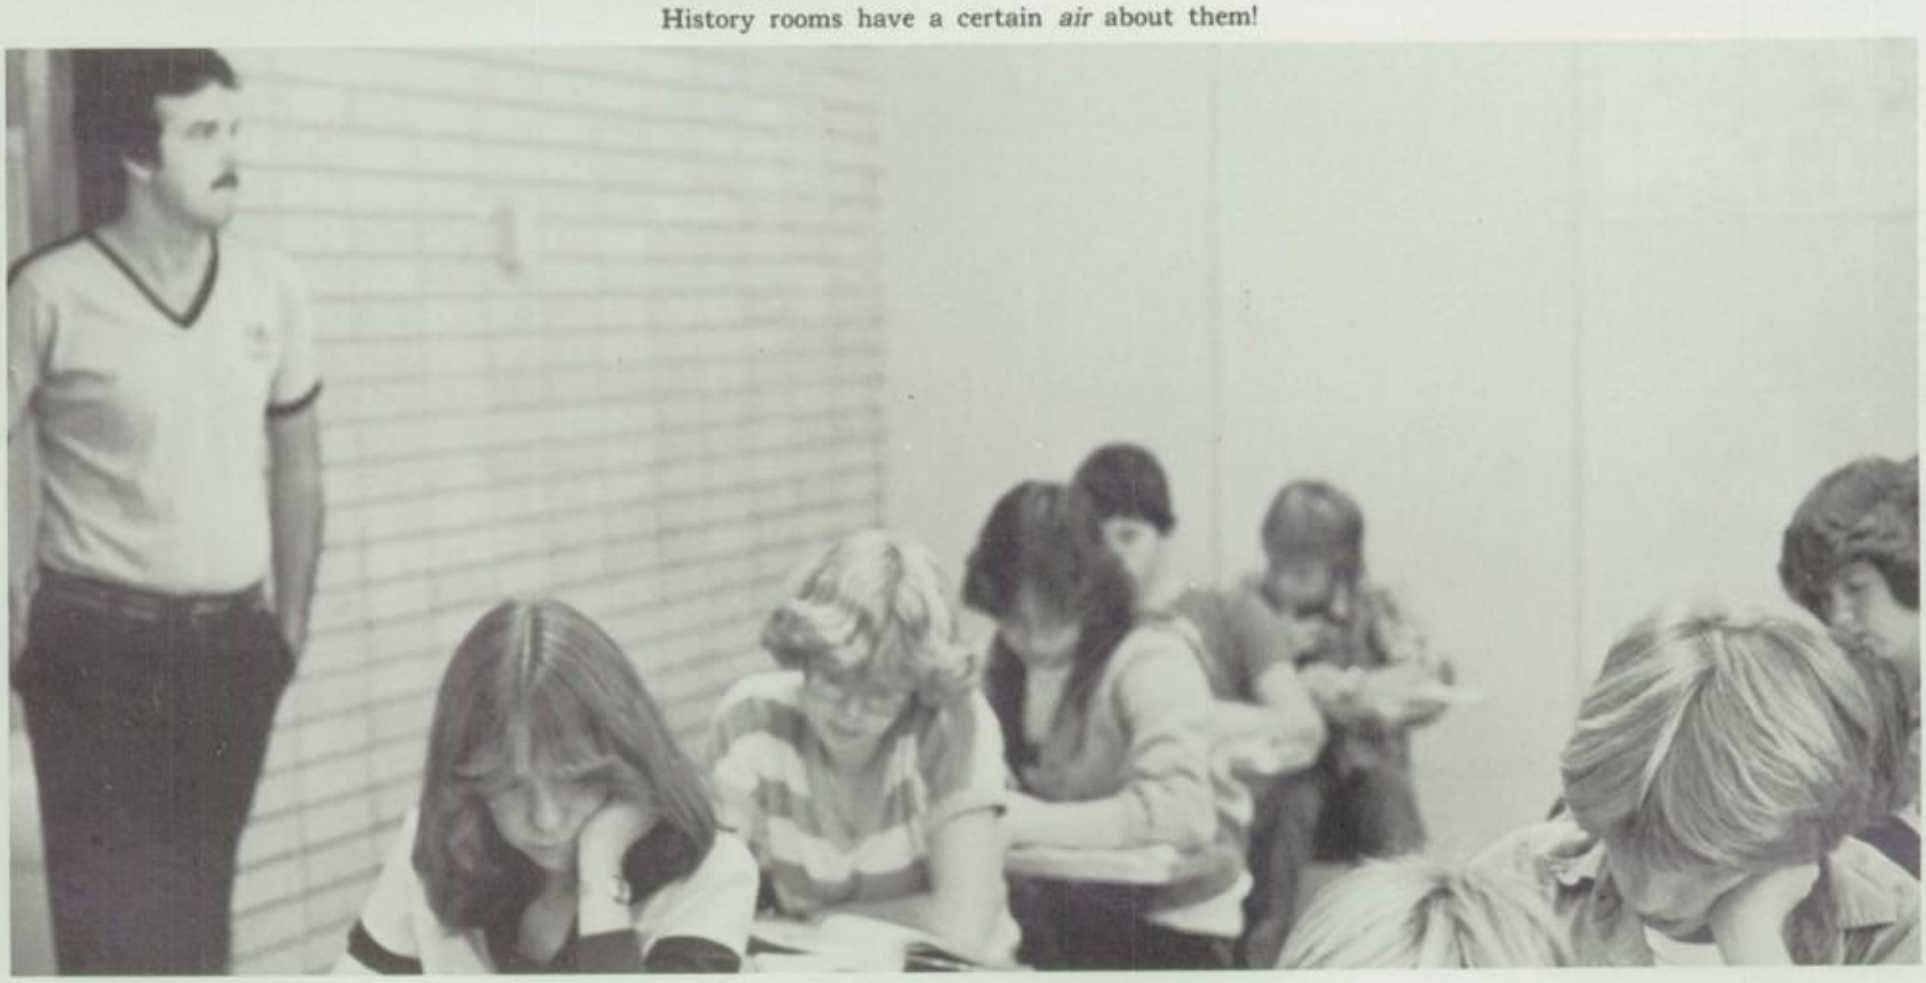
A. PEARL HARBOR WAS BOMBED.

Debby the Daydreamer!!!



Mr. Bennett instructs his classes with *style!*

History rooms have a certain *air* about them!



Mr. Almany *seems* to have things in control . . .

Q. WHAT IS THE BEST DAY OF THE WEEK?

Where can future teachers, librarians, physicians, and workers gain first-hand knowledge? Cadet teaching is one way for a student to practice teaching. Library Science helps tomorrow's librarians gain the experience that they need through working in the library. The Health Occupation students receive groundwork for a medical career by working in their field of study at Sullivan Community Hospital. The C.O.E. program gives those interested a chance to try out a job and still attend school. Each of these "doing-to-learn" classes presents opportunities for students to experiment with different types of work. Learning by trying is the best way to gain skills — experience gained now could prove very valuable in the world after graduation.

A. PAYDAY

Filing is Suzette's favorite pastime.

Dawn & Deb play the "organ."

Health Occupations class poses for a picture.
